ADDENDUM NUMBER ONE

For

12" WATERLINE REPLACEMENT ON GARFIELD AVENUE AT FOUNTAIN VALLEY CHANNEL (D-05)

MSC No. 476

August 25, 2010

Notice To All Bidders:

Please note the following revision to the Project Specifications, and Technical Provisions:

**BID OPENING DELAY – The Bid Opening for the project has been delayed.
NEW BID OPENING DATE: September 7, 2010 @ 4:00 P.M.**

306-1.2.1.1a Quality Assurance

[Delete the second paragraph, Number 1, and replace with the following:].

1. The Contractor shall have a minimum of two (2) years of experience in the pipe bursting business and a record of at least 3000 feet of pipe bursting using the hydraulic static pull method and pre-chlorination. The contractor shall have experience in performing pre-chlorination per AWWAA standards on two or more projects within two (2) years.

Any deviation from this notification procedure must be approved by the Engineer.

This is to acknowledge receipt and review of Addendum Number one, dated August 25, 2010.
