Building Communities, Investing in Local Government Since 1988

August 3, 2010

Mr. Bob Wingenroth
Finance Director
City of Huntington Beach
2000 Main Street
P.O. Box 190
Huntington Beach, CA 92648

Dear Mr. Wingenroth:

This letter will serve to confirm that Piper Jaffray presented to the California Statewide Communities Development Authority ("CSCDA") the STAR (Statewide Taxable American Recovery Bonds) Bond program and we look to them as the underwriter for this effort. Please see our website at <https://www.psacommunities.org/fs/apps/?app=23> for a description of the Recovery Zone programs. The Piper team is currently engaged in putting together a pooled bond transaction for a number of local governments. Piper Jaffray is also working with CSCDA on a number of Recovery Zone transactions for private sector solar projects and has become a preferred provider for these financings as part of the STAR Bonds program.

California Communities is pleased to work with the City of Huntington Beach and Piper Jaffray to complete is Solar Acquisition Project financing. If you have further questions please contact Michael Chin at (925) 933-9229, ext. 224 or me (925) 933-9229, ext. 216.

Sincerely,

James Hamill
Program Manager
