Don MacAllister, President, Huntington Beach Council on Aging, spoke regarding a decision by Judge Velasquez on the Parks Legal Defense Fund v. the City of Huntington Beach (Huntington Beach Senior Center). He expressed concerns related to the Judge's findings on available school sites, recreational use in Central Park, Charter City decisions, and a large, growing population of senior citizens without a place to accommodate their needs now, and in the future. **COUNCIL COMMITTEE / APPOINTMENTS / LIAISON REPORTS AND ALL AB 1234  
DISCLOSURE REPORTING**

Councilmember Coerper received a "Gold Dollar" that will be distributed nationwide, yet expressed concerns that they are not inscribed with "In God We Trust" and therefore encouraged residents not to accept or use them.

Councilmember Dwyer expressed extreme concern about the parking violation he received (sweeper truck) and the policy of citing vehicle owners within an "unreasonable" amount of time. Mr. Dwyer also noted that he would bring this item back for consideration on a future agenda since he did not agree with this type of process as a revenue generating tool.

Mayor Pro Tem Green expressed the need for the existing policy. She noted the need to remove potential run-off waste from entering the ocean and to ensure that residents move their vehicles to accommodate the street sweeper.

In response to Councilmember Coerper, the Police Chief noted that the revenues collected for street sweeping citations do not cover the costs of the debris removal. The Chief noted that two code enforcement vehicles are needed to keep up with the sweeper and issue citations, if needed.

Councilmember Coerper noted his support for the program and keeping the streets clean. Mr. Coerper inquired as to the reason why residences in the downtown area do not have adequate driveways.

In response to Councilmember Carchio, the Police Chief outlined the revenues and expenditures related to the street sweeping program and showed that the expenditures outweigh the revenues collected.
