Year to Date - September 2010			
Last Year	This Year	Change	% Change
\$2,813,594	\$2,817,596	\$4,002	0.1%

Property tax payments come from the County of Orange according to the tax allocation schedule which begins in August of each year when property tax assessment values are set based on a January 1 assessment date and listed as County tax year below. Amounts are allocated to the city's general fund, Redevelopment Agency, and special districts. The chart represents the cash flow to the City of Huntington Beach using the County's tax year. The City FY 2009/10 budget includes receipts from both the County January 1, 2009 and January 1, 2010 assesment dates. Beginning in 2004/05, a portion of the sales tax was reallocated to property tax in the form of "Sales Tax Use Compensation". This is better known as the "Triple Flip" and is temporary and will end this year. These payments arrive in January and May. Also implemented in 2004/05, was the reallocation to property taxes of a major portion of Motor Vehicle In Lieu tax. These payments are also made in January and May.

**Assessed Value:** (AV) represents the value of all taxable land and improvements, and other qualifying assets within the boundaries of the City of Huntington Beach. With the exception of 2005/06, the increases each year in actual tax receipts and assessed valuations are similar. The difference in 2005/06 is due to payments for secured property tax, the largest category, being higher year over year than the increase in AV. In 2006/07, a timing shift occurred with secured tax payments moved up to April from May. In 2007/08, a similar shift occurred with secured tax payments moved up to December from January.
