Program Narratives

GENERAL

Executive Summary

The goal of the U.S. Department of Housing and Urban Development (HUD) in requiring state and local agencies to prepare a Consolidated Plan is to assist communities in developing a collaborative process whereby the community establishes a unified vision for community development actions. The 2005-2010 Consolidated Plan was approved by City Council of Huntington Beach in 2005, and this Annual Action Plan for FY 2008/09 outlines the intended use of HUD funds towards meeting the defined needs in the five-year Consolidated Plan.

The 2008/09 Action Plan provides a basis for assessing performance, and serves as an application for federal funds under HUD's formula grant programs: Community Development Block Grant (CDBG) and HOME Investment Partnership Program (HOME). The total amount of CDBG funds allocated through this Plan is \$1,364,291 and the HOME allocation is \$747,206.

The City of Huntington Beach is eligible to also receive the American Dream Downpayment Initiative (ADDI). However as the administrative and record-keeping requirements of the ADDI program are extensive, the City of Huntington Beach has decided to opt out of the ADDI program since FY 2007/08.

General Questions

1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.

Huntington Beach is an urbanized coastal community located in northwestern Orange County, California. Much of the City's residentially designated land has already been developed. Future residential development rests primarily upon the recycling of existing parcels and infill development. Surrounding Huntington Beach are the cities of Seal Beach to the northwest, Westminster to the northeast, Fountain Valley and Costa Mesa to the east, Newport Beach to the southeast, and the Pacific Ocean to the southwest.

2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.

The basis for allocating CDBG investments geographically is based upon the low income eligible areas as determined by the 2000 census. With these CDBG eligible areas identified, the goals and objectives of the City's Strategic Plan provide the direction for CDBG expenditures. The 2008/09 Action Plan provides for \$266,837 (19.6%) allocated to capital projects to address ADA improvements. In addition, several public service activities are provided funding based on their location within low/moderate income areas (e.g. Oakview area). All of the proposed projects benefit the low-income population based either on census data, client intake data, or based upon a presumed benefit population (such as the frail elderly or persons with disabilities).

City Strategic Plan

The City of Huntington Beach has developed a Strategic Plan to guide City development. The Council's overall vision for the community is:

Huntington Beach: An engaged, sustainable, family friendly community that is safe, vibrant and attractive to tourists, businesses, and residents alike.

Goals and projects identified by the Council to lead the City toward this vision are divided into six categories: city services, economic development, engaging the community, financial, infrastructure, and land use development. The City's Strategic Plan goals that influence CDBG funding decisions are:

- Increase community involvement, dialogue, and outreach by educating residents about opportunities for involvement such as how to donate to projects, volunteer, access information, and offer opinions through the website and other means.

- Provide quality services with the highest professional standards to meet community expectations and needs, assuring that the City is sufficiently staffed and equipped overall.
- Improve the City's plan for funding and completing infrastructure needs and develop strategies for resolving critical infrastructure problems to preserve the physical foundation of the community and enable the community's value to grow. Improve the energy efficiency of City equipment, vehicles, and buildings.

National Objectives and Performance Outcomes

National objectives and performance outcomes established by HUD are the bases for assigning priorities to needs for which funding may be allocated. The national objectives are to develop viable urban communities by:

- Providing decent housing;
- Providing a suitable living environment; and
- Expanding economic opportunities, principally for lower income persons.

Performance outcomes are grouped into the following three categories:

- Expanding availability and accessibility;
- Enhancing affordability; and
- Promoting sustainability.

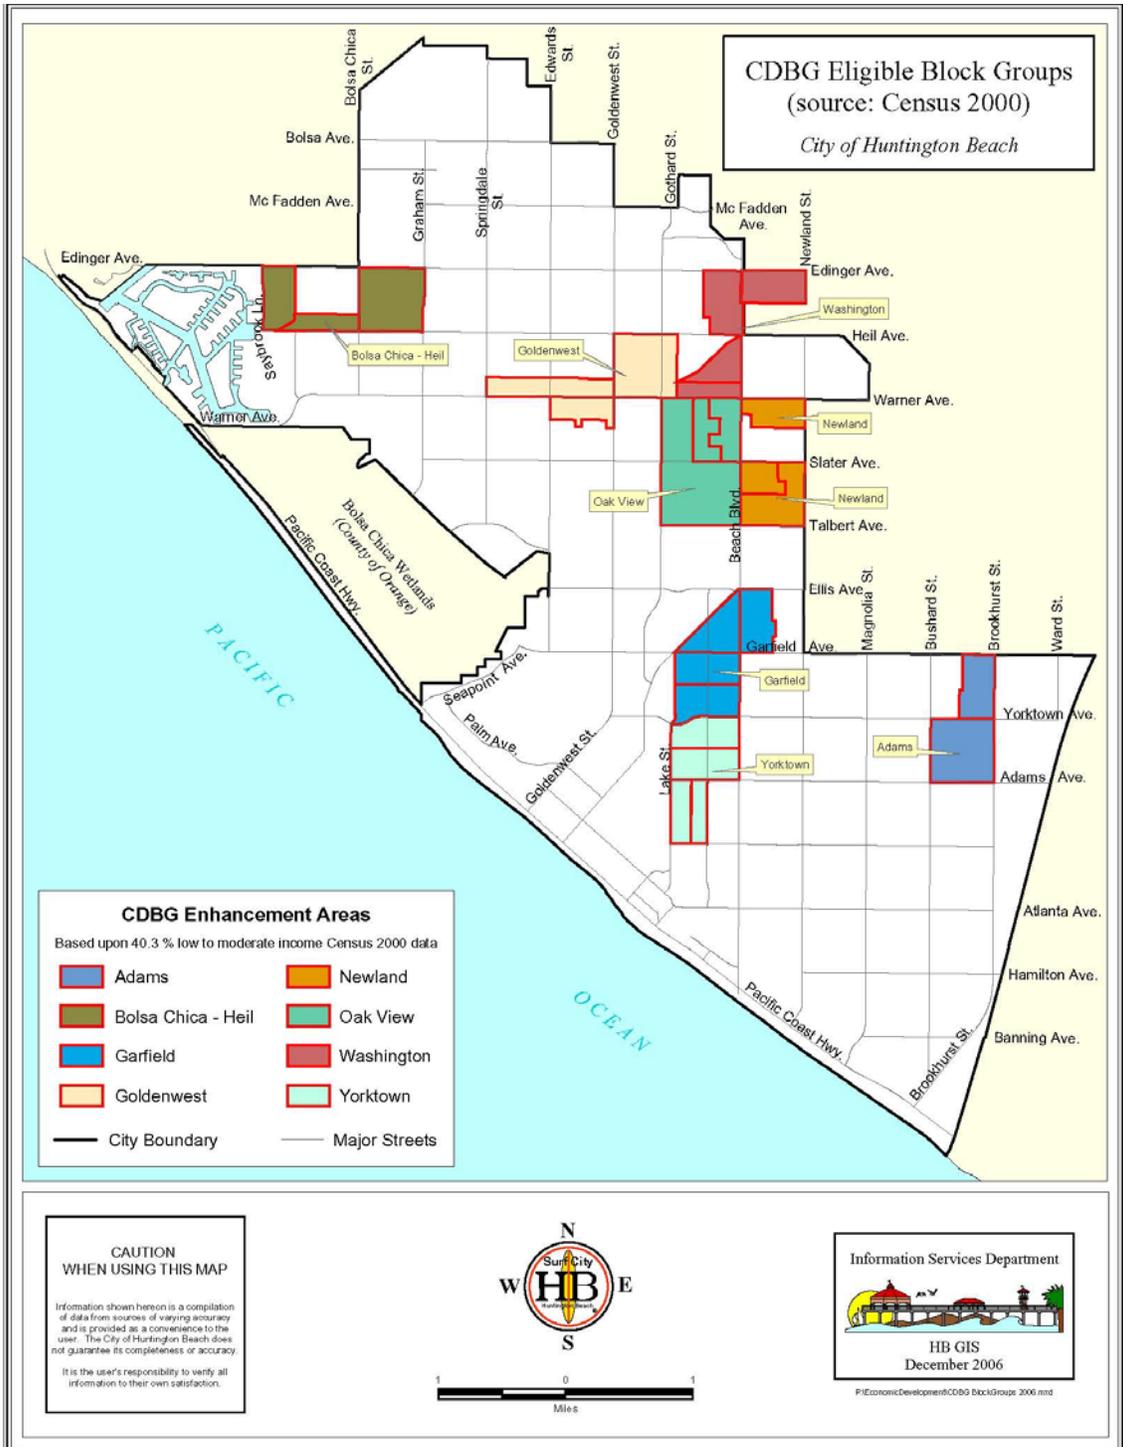

Every HUD-funded program or activity must meet at least one of the nine objective/outcome criteria as shown below.

National Objective/Outcome Matrix

	Availability and Accessibility (1)	Affordability (2)	Sustainability (3)
Decent Housing (DH)	DH-1	DH-2	DH-3
Suitable Living Environment (SL)	SL-1	SL-2	SL-3
Economic Opportunities (EO)	EO-1	EO-2	EO-3

Geographic Distribution of Funds

Public facilities and improvements funded by the CDBG program are focused in eight priority areas. These Enhancement Areas (shown on the map on the following page) were established based on the 2000 Census income data. To determine project eligibility, the HUD standard is 51 percent low-moderate income for improvements determined by census data. Due to the higher incomes in the area, the City of Huntington Beach has the exception criteria of 40.3 percent low-moderate income for projects that would serve that particular area. To assist the City in evaluating future projects, this map was revised in 2006 to only show the census block groups with 40.3 percent or more of the population with low-moderate income for the established Enhancement Areas. Keeping the national objectives of the CDBG program in mind, project eligibility review is based upon the type of activity and the clientele served. A project is evaluated on either the 51 percent low-moderate income population for facilities and services located within the broader community or upon the exception criteria for projects limited in scope to the Enhancement Areas.

Affordable housing is needed throughout the community and therefore use of HOME and CDBG funds for housing assistance is available citywide. Public and supportive services offered using CDBG funds are targeted toward populations with special needs and low and moderate income (up to 80 percent Average Median Income (AMI)) persons throughout the City.

3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.

The most significant obstacle to meeting underserved housing needs is the lack of sufficient funds and lack of available vacant land. As a primarily built out community, the City has relatively few vacant lots to facilitate large-scale residential development. Infill development and recycling of existing lots require the consolidation of smaller lots that can be challenging. As a desirable community in which to live, land cost and housing prices have risen significantly. Few affordable housing developers are able to compete with for-profit developers in the market for the limited properties available.

4. Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

Federal resources available to address the needs of the community include HUD entitlement grants: CDBG funds in the amount of \$1,364,291 and HOME funds in the amount of \$747,206 for FY 2008/09. As the City is within the Orange County Housing Authority's jurisdiction, over 800 Huntington Beach residents are provided Section 8 housing vouchers.

A local resource for housing and community development is the tax increment generated in the Redevelopment Project Areas. At least 20 percent of the annual tax increment is required to be set aside to provide affordable housing opportunities to low and moderate income households. The remaining tax increment is used to make public improvements and offer economic opportunities in the redevelopment project areas as a means of eliminating physical and economic blight. The Agency is also required to pay for its

annual debt obligations including the pass-through payments to the other taxing agencies in the area.

Managing the Process

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the Consolidated Plan.

The Economic Development Department of the City of Huntington Beach is the lead agency responsible for overseeing the development of the Consolidated Plan and this Action Plan. Staff members from Planning, Community Services, Administration, Police, Public Works and Library Services participate in the development process of the plan.

2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.

The process to develop the Consolidated Plan and Action Plans includes public hearings, community outreach to residents and non-profit agencies, and involvement by other city departments. The Citizen Participation Advisory Board (CPAB), a 15-member advisory board appointed by City Council for the CDBG program, has made an effort to integrate the City's Strategic Plan with the Consolidated Plan needs and priorities. The CPAB held two public hearings on community needs. A public notice announced the application process for the City's CDBG program. After review of the proposals, applicants of the qualified proposals were invited to give presentations at a CPAB meeting. The CPAB recommendations were first presented to City Council in a joint study session on June 2, 2008. CPAB finalized its recommendations at its June 5th meeting after which staff prepared the final draft of the Action Plan for public review and City Council approval. Before approving the Action Plan, City Council held a public hearing on August 2, 2008.

3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

During FY 2008/09, annual monitoring and training of subrecipients will continue to enhance coordination between public and private housing, health, and social service agencies. Subrecipient training will be scheduled during the first quarter of the fiscal year. As follow-up to the quarterly reporting, monitoring of the subrecipients will take place in the third and fourth quarters of FY 2008/09. The City's monitoring handbook and reporting are in compliance with Federal regulations. Staff also regularly attends the Oakview Task Force meeting at which several of the social service providers and city services are coordinated. On a regional level, the City participates in the Orange County Cities Advisory Committee, responsible for the regional Continuum of Care strategy.

Citizen Participation

1. Provide a summary of the citizen participation process.

2008 Public Hearing held at Oakview

The Citizen Participation Advisory Board (CPAB) is an advisory board to City Council, and holds hearings on community needs and reviews all eligible applications for CDBG funds. The board meets with CDBG applicants, and subsequently provides funding recommendations to City Council on the CDBG program. CPAB members are recruited throughout the community with a special emphasis on attracting low-moderate income residents to serve on the board. In order for the CPAB to be more familiar with the CDBG program, every other year staff and CPAB tour the facilities and locations where the CDBG activities are being conducted and proposed. During 2008/09, the CPAB will tour the Enhancements Areas to help assess the needs of the community.

The Citizen Participation Plan for the CDBG and HOME programs was approved by City Council of Huntington Beach in August 2005. The changes at that time provided for improving the public hearing and outreach strategy. During 2007, the CPAB reviewed and recommended modifications to the CPP. After holding a public hearing, the revised CPP plan was approved on August 6, 2007.

The most relevant modification is to the definition of "significant change", revising the reprogramming amount requiring a public hearing from \$50,000 to \$100,000. Scheduled at the same time as approval of the 2008/09 Action Plan, a minor modification to the Citizen Participation Plan will clarify public hearing policies regarding reprogramming CDBG funds.

2. Provide a summary of citizen comments or views on the plan.

CPAB conducts public hearings in the community, and reviews and discusses issues brought forward by the community. In January and February of 2008, two public hearings on community needs were held in two distinct areas of the City, one in the Oakview area and the second held at the Civic Center. The public comments received at the hearings primarily supported continuing funding for the public service subgrantees that serve the needs of the low-income and special need populations.

3. *Provide a summary of efforts made to broaden public participation in the development of the Consolidated Plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.*

Staff continues to participate in local and regional forums and activities to encourage additional public participation in the CDBG process. Upon request in advance, the City arranges for translation services in public hearings for non-English speaking persons and makes reasonable accommodations to persons with disabilities.. Spanish translation services were provided at the CPAB public hearing held in the Oakview community. The Huntington Beach City Council Chambers and community meeting locations are ADA-compliant, accessible by persons with physical disabilities.

4. *Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.*

**Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.*

City staff, CPAB, and City Council reviewed and considered all comments received. A summary of public comments received is provided in Appendix E.

Institutional Structure

1. *Describe actions that will take place during the next year to develop institutional structure.*

The Consolidated Plan is implemented by various City Departments, as described below:

1. **Economic Development Department:** The Economic Development Department is the lead agency responsible for the implementation of the Consolidated Plan. The Department oversees the citizen participation process, grant administration, reporting, and program compliance monitoring. A staff liaison is assigned to the Citizen Participation Advisory Board to assist in the public participation and project review process.

The Economic Development Committee, a sub-committee of City Council, reviews staff's recommendations regarding the use of HOME and Housing-Set-Aside funds before the housing projects are considered by City Council. Departmental staff serves as the liaison to this committee. The department is also responsible for ongoing compliance monitoring for the affordable housing projects.

The Housing Rehabilitation Loan Program is administered by the department and is currently working with a qualified consultant to manage the loan program. The Department of Economic Development works with the Planning Department on Affordable Housing requirements for new construction. A staff liaison is assigned to the Mobile Home Advisory Board, created to facilitate communication between park owners and mobile home residents.

2. **Building and Safety Department:** This department issues building permits and performs professional plan checks and inspections to ensure conformance with the appropriate state and local building codes. The services include helping

applicants through the system in an expeditious manner without violating important safety laws and regulations. As construction activity is projected to remain high for a number of years, contract services will continue to be utilized.

3. **Community Services Department:** The Human Services Division of the Community Services Department recommends to City Council the prioritization of local service needs, including the provision of social services, shelter, and homeless activities, and appropriate service providers. The Department administers a range of programs, including Project Self-Sufficiency, Seniors Outreach, and programs at the Oak View Community Center.

The Parks and Recreation Division of the Community Services Department provides social services for children and recommends park and recreational facility improvements throughout the City and at the beach.

4. **Public Works Department:** The Public Works Department recommends infrastructure and public facility improvements, contracts for work, and monitors the construction of such improvements.
5. **Planning Department:** City Planning Department implements California State law for the development and maintenance of a General Plan and the corresponding Zoning and Subdivision Ordinance as well as reviewing and processing applications for various development projects based upon these documents. The City of Huntington Beach Planning Department is comprised of the following divisions:

- Advance Planning, which maintains the General Plan, and processes long-term projects, policy documents, and environmental documents;
- Current Planning, which reviews and processes development applications according to the General Plan and Zoning Code;
- Neighborhood Preservation/Code Enforcement, which works to maintain quality neighborhoods and inspects projects after construction to verify and maintain compliance with the Zoning Code. Special Code Enforcement eligible activities are administered through this division who also provide information to property owners on the Housing Rehabilitation Loan Program.

6. **Police Department:** The Police Department provides crime prevention and gang diversion programs.

Monitoring

1. *Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.*

Evaluation of housing and public service delivery systems is the most effective tool in detecting gaps and making appropriate modifications. The City's on-site monitoring program has been designed to:

- Provide the City with information and to verify the data provided by the subrecipients in the quarterly performance reports submitted to the City;
- Ensure that the subrecipients are carrying out their individual activities as described in their contracts and applications for CDBG assistance; and
- Ensure that appropriate accounting and record keeping methods are being used by the subrecipients as related to the use of CDBG funds.

On an as-needed basis, subrecipient training is provided by the CDBG Coordinator. The training provides an overview of the CDBG program, review the content of subrecipient agreements, and review regulations related to the CDBG program, including reporting and fiscal management. Due to the availability of the internet and the capacity to share documents electronically, the majority of training may be conducted with subrecipients over the telephone. Staff may also conduct a training session if there is any major change in regulatory or reporting requirements.

The City conducts formal on-site visits with each subrecipient annually. Staff utilizes a standardized monitoring checklist during each on-site visit, which identifies specific items to be reviewed during the visit. Subrecipients receive prior notification of monitoring appointments, and staff meets with appropriate personnel to ensure required documents are available and reviewed. Follow up contact is made with each subrecipient to advise them of any adjustments which need to be made, and City staff then verifies revisions have been completed so that the activity may continue.

Lead-based Paint

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

CDBG and HOME programs are required to comply with HUD's final regulation of September 15, 1999, imposing new requirements on certain housing units receiving CDBG and HOME assistance (24 CFR Part 35). Among other requirements, the new lead safety regulation requires CDBG or HOME grantees providing funds for rehabilitation, acquisition, and tenant-based rental assistance to perform clearance testing or clearance examination after certain lead hazard control activities. The City is currently testing and reporting in accordance with HUD's most recent standards.

Housing Rehabilitation Loan Program: To meet the federal requirements, Huntington Beach provides lead-based paint information with each Rehabilitation Loan application packet. When it is discovered that lead-based paint is present, the owner of the property contracts for the lead-based paint removal. Cost of lead-based paint removal is an eligible activity under the Rehabilitation Loan Program.

Environmental Review: The Planning Department is responsible for the environmental review of proposed projects. During this phase, if lead-based paint is discovered through the environmental review, then the developer would be responsible for the removal of lead-based paint.

HOUSING

Specific Housing Objectives

1. *Describe the priorities and specific objectives the jurisdiction hopes to achieve during the next year.*

*Please also refer to the Housing Needs Table in the City's Five-Year Consolidated Plan.

Five-Year Consolidated Plan Objectives shall be:

1. Provide Opportunities for Homeownership, for moderate income residents, particularly for first-time homebuyers through private projects and funding sources.
2. By partnering with non-profit housing developers, such as Habitat for Humanity, provide affordable low-income homeownership opportunities.
3. Increase the supply of rental housing through rental assistance, new construction, and acquisition/rehabilitation.
4. Rehabilitate the City's existing single-family and multi-family housing stock in order to preserve the City's neighborhoods.
5. Provide grants for 12 very-low income households under the Emergency Grant Program.
6. Provide 125 housing rehabilitation loans, 80 of which for low-income households.
7. Operate a special code enforcement program within the special designated areas equaling to 4,160 man-hours each year.
8. Implement one Enhancement Area clean-up day.
9. Provide fair housing advocacy for renters and persons seeking homeownership.

FY 2008/09 Action Plan Objectives:

- Provide rehabilitation loans to 20 homeowners.
- Acquire and rehabilitate between eight and ten units.
- Conduct code enforcement on 600 housing units.
- Provide fair housing services for 760 persons.

Activity	Funding	Description
Housing Rehabilitation Loan Program (DH-1)	CDBG: \$175,000	Housing Rehabilitation Loan Program policies and procedures were adopted by City Council in January 2003, and are administered by Economic Development staff. Administration of the Housing Rehabilitation Loan Program is funded through CDBG annual entitlement grant, while the actual loans and subsequent payments and payoffs go through the CDBG Revolving Loan Fund (RLF).
Acquisition and Rehabilitation (DH-1)	HOME: \$672,486	<p>In an effort to expand and preserve its existing affordable housing stock, Huntington Beach has worked with Community Housing Development Organizations (CHDOs) to acquire and rehabilitate multi-family rental properties. The rehabilitated units are made available to persons below 60 percent of AMI for a minimum of 30 years. The CHDO must enter into an agreement with the City that outlines all of the affordability requirements, property maintenance standards, and long-term monitoring requirements that are required by HOME regulations.</p> <p>The 2008/09 HOME allocation for acquisition and rehabilitation is \$672,486 (90 percent of the HOME grant entitlement).</p>
Code Enforcement Program (DH-3)	CDBG: \$185,190	Enforcement of housing codes in the Enhancement Areas. Officers also conduct community outreach for neighborhood improvement. The enforcement of the housing codes assists tenants and property owners maintain a suitable living environment.
Fair Housing Council (DH-1)	CDBG: \$38,244	Program to provide tenant/landlord-counseling services. Providing this service assists tenants and landlords with a variety of issues including the maintenance of properties and housing units.

2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

Federal CDBG funds will be used for the City's housing rehabilitation loan program; HOME funds and Redevelopment Set-Aside funds will be used for housing development projects, such as acquisition and rehabilitation.

Needs of Public Housing

1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.

No public housing is located in Huntington Beach. The City is an active participant in the Orange County Cities Advisory Committee to the Orange County Housing Authority, and meets quarterly to address and discuss the needs of public housing and related activities.

2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

Not applicable. The City is not a designated Local Housing Authority.

Barriers to Affordable Housing

1. Describe the actions that will take place during the next year to remove barriers to affordable housing.

In an effort to provide the city's fair share of affordable housing, ten percent of the newly constructed units in the city must be made available at affordable prices. The project must be of three or more units to be subject to the affordable housing policy of the City. Fifteen percent of the housing projects constructed within the Redevelopment Project areas must be made affordable according to California Redevelopment Law. Through the administration of the CDBG and HOME programs, every effort is made to remove barriers to affordable housing through agreements with for-profit and non-profit affordable housing developers. These efforts also include working with neighborhood residents to ensure affordable housing projects are acceptable. Ongoing monitoring of the "for sale" affordable units is conducted by department staff by assuring that the affordable housing covenants are recorded on title when the unit is sold.

In addition, the City recently updated its Housing Element for the 2008-2014 planning period. As part of the Housing Element update, the City must assess and to the extent feasible, mitigate its governmental constraints to housing for lower and moderate income households and persons with disabilities. The Housing Element addresses the City's provisions for affordable housing, emergency shelters, transitional housing, and supportive housing.

HOME/American Dream Down payment Initiative (ADDI)

1. Describe other forms of investment not described in § 92.205(b).

The City plans to use HOME funds to support acquisition/rehabilitation of housing for low and moderate income households. No other forms of investment not described in §92.205(b) are planned for the use of HOME funds.

2. *If the participating jurisdiction (PJ) will use HOME or ADDI funds for homebuyers, it must state the guidelines for resale or recapture, as required in §92.254 of the HOME rule.*

Due to the high costs of ownership housing, the City is not offering a homeownership program at this time. The City has decided to opt out of the ADDI program due to extensive administrative and reporting requirements and the limited ADDI funding made available to the City.

3. *If the PJ will use HOME funds to refinance existing debt secured by multifamily housing that is that is being rehabilitated with HOME funds, it must state its refinancing guidelines required under § 92.206(b). The guidelines shall describe the conditions under which the PJ will refinance existing debt. At a minimum these guidelines must:*

- a. Demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing.*
- b. Require a review of management practices to demonstrate that disinvestments in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.*
- c. State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.*
- d. Specify the required period of affordability, whether it is the minimum 15 years or longer.*
- e. Specify whether the investment of HOME funds may be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy under 24 CFR 91.215(e)(2) or a Federally designated Empowerment Zone or Enterprise Community.*
- f. State that HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.*

At this time the City is not using HOME funds to refinance existing debt secured by multi-family housing that is being rehabilitated with HOME funds.

4. *If the PJ is going to receive American Dream Down payment Initiative (ADDI) funds, please complete the following narratives:*

- a. Describe the planned use of the ADDI funds.*
- b. Describe the PJ's plan for conducting targeted outreach to residents and tenants of public housing and manufactured housing and to other families assisted by public housing agencies, for the purposes of ensuring that the ADDI funds are used to provide down payment assistance for such residents, tenants, and families.*
- c. Describe the actions to be taken to ensure the suitability of families receiving ADDI funds to undertake and maintain homeownership, such as provision of housing counseling to homebuyers.*

The City has decided to opt out of the ADDI program due to extensive administrative and reporting requirements and the limited ADDI funding made available to the City.

HOMELESS

Specific Homeless Prevention Elements

1. *Sources of Funds—Identify the private and public resources that the jurisdiction expects to receive during the next year to address homeless needs and to prevent homelessness. These include the McKinney-Vento Homeless Assistance Act programs, other special federal, state and local and private funds targeted to homeless individuals and families with children, especially the chronically homeless, the HUD formula programs, and any publicly-owned land or property. Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.*

*Please also refer to the Homeless Needs Table in the City's Five-Year Consolidated Plan.

The City will continue to assess its homeless population and work with agencies providing transitional shelter for its homeless population. The City's departments of Economic Development, Police and Community Services work together to maximize resources and information available to serve this population.

2. *Homelessness—In a narrative, describe how the action plan will address the specific objectives of the Strategic Plan and, ultimately, the priority needs identified. Please also identify potential obstacles to completing these action steps.*

Five-Year Consolidated Plan Objectives:

1. Continue to support non-profit agencies that assist the persons at risk of becoming homeless and the homeless through the CDBG. Such services shall provide homeless assistance, emergency shelter, transitional shelter, supportive housing, outreach/assessment, and homeless prevention services.
2. Continue to support activities which provide emergency shelter, transitional housing, and facilitate the transition from homelessness to permanent housing.
3. Support City-operated programs that assist persons at risk of becoming homeless. As more demands are placed upon municipalities to provide social services for low-income families, the elderly, and the disabled, the City will assess its own delivery system for services to optimize the allowable use of CDBG funds for this purpose.
4. Promote a network of social service agencies serving the jurisdiction that will demonstrate the capability of providing emergency shelters, transitional shelters, and supportive housing.

FY 2008/09 Action Plan Objectives:

- Assist 95 households through Project Self-Sufficiency.

Activity	Funding	Description
Project Self-Sufficiency (EO-1)	CDBG: \$10,000	Assistance to low-income single parents to become self-sufficient from governmental assistance. This program requires program participants to have an Individual Action Plan, i.e., a strategy to obtain full-time employment.

3. Chronic homelessness—The jurisdiction must describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by 2012. Again, please identify barriers to achieving this.

The City is actively participating with the Orange County Continuum of Care to address the regional specific planned action aimed at eliminating chronic homelessness by 2012. Barriers to this goal, of course, include the enormity of the issue and the lack of adequate resources to fund actions.

4. Homelessness Prevention—The jurisdiction must describe its planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.

The City places high priority on assisting individuals and families to avoid homelessness through local and regional activities serving the homeless or those at risk of becoming homeless. The City continues to fund programs such as Project Self-Sufficiency, Seniors Outreach, and the Oak View Community Center. By partnering with CHDO's the Department of Economic Development will use HOME and Housing Set-Aside funds to support the ongoing need to acquire and renovate multi-family housing made available to low-income families.

5. Discharge Coordination Policy—Explain planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how, in the coming year, the community will move toward such a policy.

The City does not receive Emergency Shelter Grants (ESG) or Housing Opportunities for Persons with AIDS (HOPWA) funding and therefore is not required to develop a discharge coordination policy. However, the City will continue to address a discharge coordination policy with the Orange County Housing Authority and the Continuum of Care Homeless Issues Task Force.

Emergency Shelter Grants (ESG)

(States only) Describe the process for awarding grants to State recipients, and a description of how the allocation will be made available to units of local government.

Not applicable.

COMMUNITY DEVELOPMENT

Community Development

1. *Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table (formerly Table 2B), public facilities, public improvements, public services and economic development.*

*Note: Each specific objective developed to address a priority need, must be identified by number and contain proposed accomplishments, the time period (i.e., one, two, three, or more years), and annual program year numeric goals the jurisdiction hopes to achieve in quantitative terms, or in other measurable terms as identified and defined by the jurisdiction.

*Please also refer to the Community Development Table in the City's Five-Year Plan.

Priority needs identified in the Five-Year Consolidated Plan includes:

- Community facilities
- Infrastructure improvements
- Improvements to address the accessibility needs of persons with disabilities (ADA)

2. *Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons.*

Five-Year Consolidated Plan Objectives:

ADA Ramps – Various Locations	\$56,837	Installation of ADA ramps at existing intersections as recommended by the Public Works Department.

Antipoverty Strategy

1. Describe the actions that will take place during the next year to reduce the number of poverty level families.

The 2000 Census indicates that only 6.6 percent of the City's population was classified as living below the poverty level. Typically, a higher proportion of female-headed households experience poverty than other segments of the population. In Huntington Beach, about 19 percent of the City's female-headed households lived below the poverty level in 2000. Specifically, 20.4 percent of the City's female-headed households with children under 18 years of age and over 27 percent the female-headed households with children under 6 years of age lived below the poverty level in 2000.

Although the City has a lower proportion of households living below the poverty level than the County, the City's anti-poverty strategy aims to:

- Reduce the number of families on welfare;
- Reduce the number of families needing housing subsidies; and
- Increase economic opportunities for low-income persons.

The City continues to implement its strategy through the following actions:

1. Cooperate (and integrate where possible) with State and County programs to increase economic opportunities.
2. Coordinate Project Self-Sufficiency, a local program to assist low-income single parent families achieve economic independence.
3. Maintain and expand the City's economic base, working with employers, educational facilities and through the Community Job Center and the Workforce Investment Act for job training, business creation, and retention.
4. Encourage collaboration among the social service programs to maximize effectiveness with limited resources.
5. Promote the preservation and creation of affordable housing.

NON-HOMELESS SPECIAL NEEDS HOUSING

Non-homeless Special Needs (91.220 (c) and (e))

1. *Describe the priorities and specific objectives the jurisdiction hopes to achieve for the period covered by the Action Plan.*

*Please also refer to the Non-homeless Special Needs Table in the City's Five-Year Consolidated Plan.

Five-Year Consolidated Plan Objectives - Elderly:

2. Strengthen and expand current case management programs by offering a volunteer peer counseling service.
3. Establish an Eldercare Training Program, which provides resources to adult children working in the proprietary and nonprofit marketplace.
4. Establish sliding fee scale for providing case management and other support services.
5. Pursue additional grant monies to fund needed services.
6. Provide services to meet the needs of adult children of aging parents, i.e., support groups, counseling, and seminars.
7. Continue to work on the challenges of transportation for those seniors who do not drive and do not feel comfortable riding on the fixed routes.
8. Encourage healthy aging; promote fitness and wellness programs to insure a healthy senior population.
9. Educate the community so there is a better understanding of aging. Help dispel the myths and ageism in society.

Five-Year Consolidated Plan Objectives – Persons with Disabilities:

1. Modify public facilities to meet ADA requirements.
2. Provide grants to low income persons needing accessibility modifications to their homes.
3. Provide public service grants to support services for the disabled and programs for persons with AIDS/HIV.
4. Support the rehabilitation, conversion, and or housing facilities, which serve persons with disabilities and/or AIDS/HIV.

Five-Year Consolidated Plan Objective - Youth:

1. Provide support services to low to moderate-income youth.

2. *Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.*

FY 2008/09 Action Plan Objectives:

- Provide adult daycare for 85 elderly persons with dementia.
- Provide case management and services to 150 homebound seniors.
- Provide youth development and diversion activities for 475 youth.
- Provide health services for 9,724 low income persons.
- Provide cultural and recreational activities to 735 low income residents in the Oak View Enhancement Area.

The public services programs outlined below broadly fit into the category of providing non-homeless special needs groups to enhance the quality of life for Huntington Beach's lower income residents.

Activity	Funding	Description
Alzheimer's Family Services Center (SL-1)	CDBG: \$10,000	Day care services for Alzheimer's and dementia patients.

Activities to Expand Economic Opportunities

Huntington Beach has long held the highest standards for its businesses and residents. The goals of the Economic Development Department are to retain and expand the City's base of retail and industry. The department works with other City departments, county and state agencies, colleges and non-profit groups to provide economic development resources. By utilizing various economic development tools, including activities carried out by the Redevelopment Agency, the City's property tax and sales tax revenue shall continue to support city services and provide for a strong local economy. Specifically, the City:

1. Provides staff support to Economic Development Committee, a sub committee of City Council.
2. Continues interdepartmental meetings to increase efficiency, improve working relationships between departments, and to assist new developments through the City processes.
3. Markets City and economic development at various conferences, such as the International Conference of Shopping Centers and participate with local partners namely the Huntington Beach Chamber of Commerce and the Huntington Beach Conference and Visitors Bureau.

Programs and activities to promote economic development include:

Regional Assistance Programs: Lack of capital to start, expand, or relocate a business is one of the biggest problems facing businesses today. In an effort to relieve this problem, the Economic Development Department works to establish a good working relationship with local banks, state, and federal offices, and various community, regional, and governmental resources. The Department directs businesses to the proper sources and helps them take advantage of business incentive programs.

Business Improvement Districts: The City has three Business Improvement Districts (BIDs): Auto Dealers BID along Beach Boulevard; Hotel/Motel BID; and the Downtown Business Owners BID. The BID's provide a financing mechanism to collect assessments from their members in order to carry out their specific objectives. For example, the Hotel/Motel BID funds pays for the Huntington Beach Conference and Visitors Bureau to market the City as a visitor serving destination.

Section 108 Loan: A Section 108 Loan used for the development of the Hyatt Regency Huntington Beach Resort and Spa created 362 new jobs as of the hotel opening in January 2003. Of the 362 new jobs created, 283 employees (78 percent of the total) met HUD's low-moderate income criteria. An initial report was filed with HUD in 2003, and the second annual monitoring report was submitted to HUD in third quarter 2004. The second annual report continues to reflect over 75 percent of the more than 400 jobs created by this project have gone to low-moderate income applicants.

The FY 2008/09 Action Plan recommended activities listed below broadly support economic opportunities for low-moderate income families.

Activity	Funding	Description
Project Self-Sufficiency (EO-1)	CDBG: \$10,000 and Prior Year Funds: \$5,000	Assistance to low-income single parents to become self-sufficient from governmental assistance. This program requires program participants to have an Individual Action Plan, i.e., a strategy to obtain full-time employment.
Oak View Library Literacy (EO-3)	CDBG: \$12,500	Adult literacy programs increase job skills and employment eligibility.

Housing Opportunities for People with AIDS

1. *Provide a Brief description of the organization, the area of service, the name of the program contacts, and a broad overview of the range/ type of housing activities to be done during the next year.*

The City of Huntington Beach does not receive funding for Housing Opportunities for People with AIDS (HOPWA), but staff actively participates in countywide and other regional forums to address the needs of this population.

Specific HOPWA Objectives

Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by the Action Plan.
