Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Huntington Beach's 2015/16-2019/20 Consolidated Plan constitutes the City's strategy for addressing its housing and community development needs utilizing federal entitlement funds. The goals are to assist low and moderate-income persons, provide decent housing, create suitable living environments, and expand economic opportunities. Included in the Consolidated Plan are broad five-year objectives and strategies to accomplish these goals. Specific identifiable benchmarks for measuring progress in realizing the City's strategy are proposed in the Annual Action Plans.

The 2016/17 Annual Action Plan includes application for funds under two different HUD entitlement programs - Community Development Block Grant (CDBG) and the HOME Investment Partnership Program. Current year entitlements combined with reallocations and repayments from prior years (CDBG Revolving Loan Funds) bring the total funding for program year 2016/17 to approximately \$3.96 million. The following Annual Action Plan describes resources, programs, activities and actions Huntington Beach will use in the coming 2016/17 fiscal year to implement its strategic plan and ultimately achieve its Consolidated Plan goals and objectives, summarized in Table 1 on the following page.

2. Summarize the objectives and outcomes identified in the Plan

See Table above.

3. Evaluation of past performance

HUD requires that grantees provide an evaluation of past performance. Since the current year, 2015/16, is still in progress, the City of Huntington Beach will more fully measure performance outputs and outcomes for CDBG and HOME under the Consolidated Annual Performance Evaluation Report (CAPER) which captures progress towards meeting five-year goals and objectives. Nonetheless, below is a synopsis of what has been accomplished to date.

Decent Housing

- In May 2015, the City issued a Notice of Funding Availability (NOFA) identifying nearly \$2.5 million in available affordable housing funds. The City's goal was to obtain proposals for affordable housing projects as well as a proposed Tenant-Based Rental Assistance (TBRA) program, which was implemented in 2014/15 for a two-year period. The City identified homeless, those at risk of homelessness, veterans, seniors, and victims of domestic violence as the population for which the housing programs should be targeted. The NOFA was available on the City's website and was disseminated to local CHDO's in the area. The City received five (5) proposals: three (3) proposals for affordable housing projects, and two (2) proposals for TBRA programs. The City is currently working with a non-profit organization on development of a 24-unit project.
- In FY 2015/16, the City entered into a subrecipient agreement with a nonprofit agency, Interval House, to operate a city-wide Tenant-Based Rental Assistance Program using tenant selection policies and criteria. The City gave local preference to 10 households impacted by homelessness, persons at risk of homelessness, veterans, seniors, and victims of domestic violence in Huntington Beach. While funded in FY 2015/16, the City will continue to work with Interval House to provide rental assistance in FY 2016/17.
- The Residential Rehabilitation Program provides two loan programs. First, the Single Family Home Improvement Program provides up to \$75,000 to pay for rehabilitation costs for a single family home, townhouse, or condominium. Grants are also available to low income households whose estimated repair costs do not exceed \$10,000 for single family dwellings and mobile homes. Second, the City administers a Multifamily Rental Housing Rehabilitation Program. The program provides up to \$75,000 for repairs to duplex, triplex or four-plex units. The loan provided will be a deferred payment loan with an annual interest rate of 3%. The program will be expanded in 2016/17 to provide loans to multi-family, non-resident property owners, which represent a number of properties in the area housing low- and moderate- income residents. Loans will be provided for \$30,000 per unit and \$50,000 for exterior improvements. The 2015-2019 Consolidated Plan goal is to fund 75 grants/loans over the five-year period with an additional three in 2016/17 for the expanded program. To date, staff has reviewed several applications, but no loans or grants have been funded yet.

Suitable Living Environment

- The City's Code Enforcement program continues to accomplish their goal of assisting 600 housing units each year.
- The City has assisted various public service agencies during FY 2015/16. While the City has had to reduce the number of public service programs offered with CDBG funds because of decreases in CDBG entitlement funds, the City continues to work towards its goals in providing youth, homeless, senior, and fair housing services to the Huntington Beach community.

- The City had a goal to assist 400 persons through the provision of public facility improvements. To that end, in 2015/16, the City funded the Oak View Class and Counseling Space Project which will provide additional classroom space for the afterschool recreation program operated at the Oak View Family Resource Center by Children’s Bureau and the Boys and Girls Club of Greater Huntington Valley. Space is limited at this location and the additional classroom, office and meeting space is needed to accommodate various enrichment programs at the facility due to increased demand for services.
- The City-funded infrastructure improvements included ADA improvements to Public Works Maintenance Zone 12 in FY 2015/16. By the end of the 2015/16 fiscal year, the City will have reached its Consolidated Plan goal of assisting 1,224 persons. The City continues to make infrastructure improvements a priority in FY 2016/17 with the funding of ADA improvements to Maintenance Zone 10.

Economic Opportunity

During 2015/16, City staff worked closely with two grassroots groups established in the Oak View community, one of the most impacted areas of the City, and one in which many resources have been concentrated in recent years. These efforts included increased outreach to property owners and residents of the area and expansion of the number of materials provided in Spanish. In an effort to increase participation and improve living conditions in the area, staff conducted a property owner information meeting in January 2016 to promote the CDBG-funded Housing Rehabilitation Loan program. Staff has also connected Fair Housing Foundation counselors with residents dealing with emergency situations and held an additional community meeting in June 2016 area to further develop the relationships between the City and the residents of the Oak View area, with other meetings planned for the future.

4. Summary of citizen participation process and consultation process

The City developed its 2016/17 Annual Action Plan through extensive consultation and coordination with housing, social service and healthcare providers; public agencies; and the local public housing agency as presented below. As a means of gaining input from the public, the City conducted public hearings and invited comments on the draft Action Plan.

The City followed its Citizen Participation Plan and HUD’s guidelines for citizen and community involvement in preparation of the Action Plan to encourage citizen participation in the preparation of the documents.

A draft of the 2016/17 Annual Action Plan will be made available for public comment for the minimum 30-day period (June 16 - July 18, 2016). A City Council public hearing will be held on July 18, 2016, providing residents and interested parties a final opportunity to comment on the Consolidated Plan prior to adoption and submittal to HUD.

5. Summary of public comments

The City of Huntington Beach Draft Annual Action Plan for Program Year 2016/17 was made available for the minimum 30-day review period starting on June 16, 2016. The City Council will conduct a public hearing on the Draft Plan on July 18, 2016 and will take all comments into consideration prior to voting to adopt of the Annual Action Plan. All public and City Council comments will be added to the final version of the Plan before submission to HUD.

6. Summary of comments or views not accepted and the reasons for not accepting them

The City of Huntington Beach will respond to all relevant comments. Any comments not accepted will be further described here.

7. Summary

The City took numerous steps, including public noticing, advertising and holding public meetings, to ensure citizen participation in the development of the 2016/17 Action Plan. The Action Plan addresses key findings of the Consolidated Plan Needs Assessment, including:

- Housing overpayment is the most prevalent housing problem, with 80% of Huntington Beach's low and moderate income (<80% AMI) renter households facing a cost burden (>30% of income on housing costs), and 45% facing a severe cost burden (>50% of income towards housing). Consultation with housing, homeless and public service providers identify the shortage of affordable rental housing as the most significant issue facing Huntington Beach's extremely low, low and moderate income residents.
- Household overcrowding is a far less significant problem than overpayment in Huntington Beach, and has decreased from 13% of all renters in 2000 to just 5% a decade later (as documented by the 2007-2011 ACS¹). However, certain neighborhoods continue to experience high levels of overcrowding.
- Many of the workers who make up Huntington Beach's workforce earn modest incomes, making it challenging to afford to in live in the City where they work. The analysis of rental housing costs and affordability illustrates that households earning extremely low, low and moderate incomes cannot afford average market rents in Huntington Beach. Local occupations priced out of the rental market include: bookkeepers, bus drivers, preschool teachers, retail sales managers, and food service managers.
- For homeless persons or persons at-risk of becoming homeless, the most significant problem is the lack of affordable rental housing. This problem has been compounded by record high rents combined with decreases in public funding previously used to support affordable housing. Surveys of homeless service providers in Huntington Beach identify additional affordable housing as the top priority need, followed by the need for additional substance abuse services, and additional tenant rental assistance.
- The City's Capital Improvement Program (CIP) presents a comprehensive listing of planned and projected capital project needs based on various long-range plans, goals, and

¹ The American Community Survey (ACS), performed by the U.S. Census Bureau, is an ongoing Census statistical survey that samples a small percentage of the population every year, and publishes five year averages of this data. Many of the tables in the Consolidated Plan are "pre-populated" by HUD with data from the 2007-2011 ACS, and thus the City has utilized the 2007-2011 ACS as the primary data source throughout the Plan.

policies. The 2014/15-2018/19 CIP identifies the following general projects (within low and moderate income areas) in need of CDBG funds over the next five years:

- ✓ Americans with Disabilities Act (ADA) improvements to Police Department lobby
- ✓ Sidewalk, curb and gutter improvements, including accessibility ramps

AP-10 Consultation - 91.100, 91.200(b), 91.215(I)

1. Introduction

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

The City developed its five-year (2015/16 - 2019/20) Consolidated Plan through consultation with the Orange County Housing Authority; City departments; health and social service providers; and adjacent local governments. As a means of gaining input from housing, homeless and social service providers active in Huntington Beach, the City provided agencies a brief survey requesting input on services provided, priority needs and gaps in services. A total of twelve (12) agencies representing special needs populations, and an additional seven (7) housing and homeless service agencies completed the needs survey, providing direct input into the Consolidated Plan Needs Assessment. The detailed results of these agency surveys are provided in the Consolidated Plan's Appendix C.

The City formed a Homeless Task Force which met for a nine-month period and has created a list of recommendations to deal with the homeless problems in the community. In addition, with the use of 2015/16 CDBG funds, the City employed a part-time Homeless Coordinator who coordinates services provided to the Homeless. The Coordinator oversees a collaborative comprised of local homeless service providers and faith-based organizations who conduct monthly meetings with the purpose of coordinating efforts and sharing information to most effectively address the issue of homelessness in Huntington Beach.

The Coordinator was joined by two Huntington Beach Police Homeless Liaison Officers, which were funded separately. In 2016/17, this team will be joined by a part-time case manager/social worker to further increase the level of service to the homeless population.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The City of Huntington Beach participates in the Orange County Continuum of Care, led and coordinated by 2-1-1 Orange County and the OC Community Services. This public - nonprofit partnership helps ensure comprehensive, regional coordination of efforts and resources to reduce the number of homeless and persons at risk of homelessness throughout Orange County. This group serves as the regional convener of the year-round CoC planning process and as a catalyst for the involvement of the public and private agencies that make-up the regional homeless system of care.

The Orange County Continuum of Care system consists of six basic components:

1. **Advocacy** on behalf of those who are homeless or at-risk of becoming homeless.

2. A system of **outreach, assessment, and prevention** for determining the needs and conditions of an individual or family who is homeless.
3. **Emergency shelters** with appropriate supportive services to help ensure that homeless individuals and families receive adequate emergency shelter and referrals.
4. **Transitional housing** to help homeless individuals and families who are not prepared to make the transition to permanent housing and independent living.
5. **Permanent housing**, or permanent supportive housing, to help meet the long term needs of homeless individuals and families.
6. **Reducing chronic homelessness** in Orange County and addressing the needs of homeless families and individuals using motels to meet their housing needs.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The City of Huntington Beach does not receive ESG funds so this is not applicable.

Identify any Agency Types not consulted and provide rationale for not consulting

The City of Huntington Beach developed its Consolidated Plan through consultation with housing, social and health service providers; local agencies/governments; and the Orange County Housing Authority. The City is unaware of any Agency types relevant to the Consolidated Plan that were not consulted.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	OC Partnership, 2-1-1 Orange County and the OC Community Services.	For the past several years, leadership and coordination of Orange County’s Continuum of Care planning process has been the shared responsibility of OC Partnership, 2-1-1 Orange County and the OC Community Services. These organizations use housing and demographic data obtained through HMIS and Homeless Counts to determine needs and to pinpoint gaps in housing and services. This in turn helps to pool and coordinate resources with the County and cities to develop coordinated homeless access and assessment centers. Huntington Beach participates in building the regional continuum of care to address the homeless and persons at-risk of homelessness.
Huntington Beach 2013-2021 Housing Element	City of Huntington Beach Planning Division	The City recently updated its Housing Element for the 2013-2021 period. Key housing policies and programs from the Housing Element have been reflected within the Consolidated Plan.
Orange County Housing Authority Administrative Plan	Orange County Housing Authority (OCHA)	The purpose of OCHA’s Administrative Plan is to establish policies and procedures to implement the Section 8 Program in a manner consistent with HUD requirements and local objectives. The Consolidated Plan reflects the policies set forth in the Administrative Plan.

AP-12 Participation - 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

The City followed HUD's guidelines for citizen and community involvement in preparation of this Annual Action Plan. To encourage citizen participation in the preparation of the documents, the City undertook several activities as summarized below.

Housing and Community Development Needs Survey

In order to evaluate public opinion of specific housing and community development needs for the 2015-2019 Consolidated Plan, the City utilized a Needs Survey (in English and Spanish) in which the respondent was asked to rank the level of need for a particular service, capital improvement, and public benefit. Questions about specific needs were grouped into these areas:

- Housing Needs;
- Homeless Needs;
- Public Service Needs;
- Infrastructure Needs; and
- Economic Development Needs.

Agency Surveys: Special Needs Service Providers, Housing & Homeless Service Providers

A variety of Agencies providing services to Huntington Beach's low and moderate income households, special needs populations, and homeless were provided a brief survey requesting input on priority needs and gaps in the services provided. A total of nineteen Agencies completed the survey. The tabulated results of these surveys are included in the Consolidated Plan Appendix.

Community Meetings

The Citizen Participation Advisory Board (CPAB) conducted a public hearing on community needs on January 15, 2015 at Huntington Beach City Hall, and a second public hearing on community needs and the Consolidated Plan on February 5, 2015. The meeting was conducted at the Oakview Library, with a total of 25 persons providing public comment on priority needs in the community. The following agencies/programs were represented: Family Literacy Program, Oakview Children's Bureau/Boys and Girls Club Afterschool Program, Project Self-Sufficiency, and Huntington Beach Senior Services/Care Management. The comments received are summarized in the Consolidated Plan Appendix.

Huntington Beach Homeless Collaborative

Since December 2014, a former Huntington Beach Mayor has coordinated a collaborative with homeless service providers and have been meeting on a monthly basis at the Central Library. City staff from the Police Department, Community Services, and the City Manager's Office/Office of Business Development have been attending these meetings. At the Collaborative's meeting on February 24, 2015, City Office of Business Development staff provided an overview of the City's affordable housing activities and the Consolidated Plan process, and responded to questions

from participants. A copy of the meeting presentation is provided in the Consolidated Plan Appendix.

FY 2016/17 Annual Action Plan

The City of Huntington Beach has a Citizen Participation Plan to guide the City's CDBG citizen participation process. All citizens are encouraged to participate in the planning, development, and implementation of the Annual Action Plan. Organizations receiving direct CDBG funding are in regular contact with City staff. Other organizations are consulted as-needed or have been present at various public hearings held by the City. The City holds advertised public hearings each year to gather input on community needs as part of the development of the Annual Action Plan and to advise on the progress of existing subrecipients. In all cases, a Notice of Public Hearing is published at least 15 days prior to the hearing to provide residents with adequate notice.

A draft 2016/17 Annual Action Plan will be available for public comment for a minimum 30-day period (June 16, 2016 – July 18, 2016). Public hearings were held on January 7, 2016 and February 4, 2016 and a final public hearing will be held on July 18, 2016, providing residents and interested parties a final opportunity to comment on the Annual Action Plan prior to adoption and submittal to HUD.

Table 7 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal funds play a crucial role in implementing the Consolidated Plan. Local private and non-federal funds are usually insufficient to meet the heavy demand for housing and services in our community. Agencies receiving CDBG and HOME funds use those funds as a commitment to receiving other funding sources.

Likewise, the City also leverages other resources among the formula grant programs. For example, the HOME program is matched by a variety of sources, including: private and public investment including the use of low income housing tax credits. Other future sources of matching funds include: inclusionary housing in-lieu fees; residual receipts from loans of the former Redevelopment Agency; and a State SERAF loan repayment of former Redevelopment Low/Mod Housing Funds (one-time payment).

HUD requires a 25% match on HOME funds drawn down for affordable housing. Historically, the City has met the match requirement with the use of former Huntington Beach redevelopment tax increment funds that were layered with HOME funds in developing affordable housing. While redevelopment tax increment funds are no longer available for future match requirements, the City has been utilizing a match surplus derived from prior contributions by the former Huntington Beach Redevelopment Agency in developing affordable housing developments. The City was required to utilize 20% of these funds to develop low- and moderate- income housing. The City's match surplus is approximately \$3,235,838.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Table 8 – Goals Summary

Goal Descriptions

1	Goal Name	Preserve Existing and Create New Affordable Housing
	Goal Description	To the extent possible, based upon the availability of funds and a project's viability, HOME funds will be used to assist affordable housing developers in the acquisition, construction and/or rehabilitation of low-income rental and/or owner housing units. The City will also use CDBG revolving loan funds for residential rehabilitation programs for low and moderate income homeowners. (Projects: Acquisition/Rehabilitation, New Construction, Housing Rehabilitation Loan Program, Housing Rehab for Loan Administration)
2	Goal Name	Sustain and Strengthen Neighborhoods
	Goal Description	Using CDBG funds, the City will sustain and strengthen neighborhoods by eliminating unsafe conditions and blight while improving the quality of life of residents within the community. (Project: Special Code Enforcement)
3	Goal Name	Support Social Service Agencies that Assist Homeless Populations
	Goal Description	Using CDBG public service funds, the City will provide homeless outreach services and case management to Huntington Beach's homeless population. (Project: Homeless Outreach Program)
4	Goal Name	Support Social Service Agencies that Assist Special Needs Populations
	Goal Description	Using CDBG public service funds, the City will provide assistance to special needs service providers. (Projects: Senior Care Management, Congregate Meals Program)
5	Goal Name	Provide Needed Infrastructure Improvements
	Goal Description	Using CDBG funds, the City will provide financial assistance to improve public infrastructure. (Projects: ADA Curb Cuts at Maintenance Zone 10)
6	Goal Name	Provide Needed Community Services to Low/Mod Persons
	Goal Description	Using CDBG public service funds, the City will provide assistance to various social service agencies for programs for youth, fair housing, anti-crime, and general public services. Services must benefit at least 51 percent low/mod persons. (Projects: Children's Bureau, Oakview Family Literacy Program)
7	Goal Name	Provide Economic Opportunity
	Goal Description	Using CDBG funds, the City will support projects and programs targeted to low and moderate-income business owners, persons wishing to start or expand a business, or in workforce development. The City will also use CDBG funds to pay debt service associated with a previous Section 108 Loan. (Projects: Section 108 Loan Repayment)

8	Goal Name	Planning for Housing and Community Development
	Goal Description	<p>The City will conduct the following administration/planning activities: (1) General Administration of CDBG and HOME Program, including preparation of budget, applications, certifications and agreements, (2) Coordination of CDBG-funded capital improvement projects, (3) Coordination of Public Service Subrecipients, (4) Coordination of HOME-funded housing projects, (5) Monitoring of CDBG and HOME projects/programs to ensure compliance with federal regulations, (6) Preparation of Annual Action Plan, (7) Preparation of the CAPER; and (8) Fair Housing Foundation counseling, education and enforcement (CDBG funded). Up to 20% of the annual CDBG entitlement and up to 10% of the HOME entitlement is allowed for administration activities.</p> <p>(Project: CDBG Administration, HOME Administration, Fair Housing Foundation)</p>

Table 9 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Housing and Homeless Needs Assessment of the Consolidated Plan discusses housing need by income category. Income levels identified are 1) extremely low-income; 2) very low-income, and; 3) low- and moderate-income households. Based on HUD recommendations, general relative priorities for funding will be as follows:

HIGH PRIORITY: Activities to address this need will be funded during the five-year period.

MEDIUM PRIORITY: If funds are available, activities to address this need may be funded by the City during the five-year period. The City may also use other sources of funds and take actions to locate other sources of funds.

LOW PRIORITY: It is not likely the City will fund activities to address this need during the five-year period.

The highest priority has been assigned to the needs of the lowest income residents, based on the assumption that in this high cost real estate market, they are at greater risk of displacement, homelessness or other serious housing situations due to limited financial resources and other limitations they may face.

The Consolidated Plan identifies several obstacles in meeting underserved needs, including the high and sustained demand for public services, as well as the shortage of funding to address the community's needs.

AP-38 Project Summary

Project Summary Information

1	Project Name	Housing Rehab Loan Administration
	Target Area	Citywide
	Goals Supported	Preserve Existing and Create New Affordable Housing
	Needs Addressed	Priority Housing Needs
	Funding	CDBG: \$80,000
	Description	<p>Eligibility Citation: 24 CFR 570.202 (b)(9) – Rehab Administration National Objective Citation: 24 CFR 570.208 (a)(3) – Housing Activities</p> <p>The City of Huntington Beach Housing Rehabilitation Loan Program provides emergency grants and low interest loans to low and very low income families who need repairs to their homes. The program will also extend in 2016/17 to property multi-family property owners with 51% or more of units occupied by qualified residents. The City is requesting a grant in the amount of \$80,000 to pay for operational costs associated with the City of Huntington Beach Rehabilitation Loan Program (RLF), which has been administered by the Office of Business Development since the early 1970's.</p>
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	15 housing units
	Location Description	Citywide
	Planned Activities	Same as description.
2	Project Name	Special Code Enforcement
	Target Area	Special Code Enforcement Areas
	Goals Supported	Sustain and Strengthen Neighborhoods
	Needs Addressed	Priority Housing Needs
	Funding	CDBG: \$241,248
	Description	<p>Eligibility Citation: 24 CFR 570.202 (c) - Code Enforcement National Objective Citation: 24 CFR 570.208 (a)(1) - Low Mod Area Benefit</p> <p>Funding for the Special Code Enforcement Program will be used to support salaries for one (1) full-time and two (2) part-time Code Enforcement Officers. As the City ages, certain areas within the City of Huntington Beach need ongoing, proactive property maintenance inspections by Code Enforcement to maintain a safe environment. Thus, with continued code enforcement efforts, the quality of life and housing standards are maintained. The Special Code Enforcement Program benefits the community overall by upgrading the housing stock within deteriorating and deteriorated areas.</p>
Target Date	9/30/2017	

	Estimate the number and type of families that will benefit from the proposed activities	600 housing units
	Location Description	Special Code Enforcement Areas
	Planned Activities	Same as description.
3	Project Name	Homeless Outreach Program
	Target Area	Citywide
	Goals Supported	Support Social Service Agencies that Assist Homeless Populations
	Needs Addressed	Priority Homeless Needs
	Funding	CDBG: \$50,000
	Description	<p>Eligibility Citation: 24 CFR 570.201 (c) - Operating Costs of Homeless/AIDS Patients Programs</p> <p>National Objective Citation: 24 CFR 570.208 (a)(2) - Low/Mod Limited Clientele Benefit</p> <p>The City of Huntington Beach has seen an increase in homelessness. This increase creates a demand to provide needed services for homeless clients. In 2015/16, CDBG funds enabled the City to create a new position - Homeless Outreach Coordinator, who works within the Police Department and is the point person for homeless issues. This includes the coordination of non-profit service providers, to ensure there is no overlap of services being provided and that all service providers have knowledge of what the City and each other are providing. In addition, the person will help coordinate City services regarding homeless encampments and public information while working alongside the two Police Liaison Officers to help locate shelter beds for the homeless and rehabilitation (detox) beds for those in need of assistance. For 2016/17, CDBG funds will be used to add one (1) part-time case manager/social worker to provide wrap-around services to homeless clients.</p>
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	The City anticipates that 250 homeless persons/families will be assisted through the Homeless Outreach Program.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Huntington Beach is an urbanized coastal community located in northwestern Orange County, California. Much of the City's residentially designated land has already been developed. Future residential development rests primarily upon the recycling of existing parcels and infill development. Surrounding Huntington Beach are the cities of Seal Beach to the northwest, Westminster to the northeast, Fountain Valley and Costa Mesa to the east, Newport Beach to the southeast, and the Pacific Ocean to the southwest.

The City utilizes CDBG and HOME funds for projects and programs operated citywide. However, the majority of CDBG-funded infrastructure and facility projects are targeted to the most-needy neighborhoods: those census tracts where 47.83% or more of the residents are low- or moderate-income.

Specifically, for Special Code Enforcement activities, the City has identified deteriorated areas based on observed violations of the Uniform Housing Code. This effort was undertaken to determine geographical areas meeting the U.S. Department of Housing and Urban Development (HUD) guidelines to utilize Community Development Block Grant (CDBG) funding for special code enforcement and preservation activities in deteriorating areas. From this survey, staff identified four geographical areas that met the criteria for a deteriorating area, as well as meeting the CDBG national objective of serving low and moderate income households:

- Bolsa Chica – Heil
- East – Central
- South – Central
- Southeast

These four areas of concentrated deteriorated housing have been designated as Special CDBG Code Enforcement areas, and have become the focus of increased code enforcement and neighborhood preservation efforts to improve the quality of life and condition of housing. With the release of HUDs updated 2014 Low and Moderate Income Summary Data, however, several of the census block groups within the four Special CDBG Code Enforcement areas no longer qualify as low and moderate income (minimum 47.83% low/mod households). Thus, for the time being, the City will no longer fund code enforcement in these areas using CDBG funds.

Geographic Distribution

Target Area	Percentage of Funds
Low/Mod Income Areas	0%
Special Code Enforcement Areas	6%
Citywide	94%

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

All public service programs, ADA improvement projects, and housing projects funded with CDBG or HOME will be available citywide to eligible persons. The City will also allocate CDBG funds for special code enforcement and preservation activities in Special Code Enforcement Areas that have been identified as deteriorated based on the observance of violations of the Uniform Housing Code. These areas include Bolsa Chica-Heil; East-Central; South-Central; and Southeast. Public facility and public infrastructure projects will be targeted to neighborhoods where 47.83% or more of residents are low and moderate income.

Discussion

The information in Tables 11 and 12 is pending. The City is currently negotiating the development of two affordable housing projects. While the project details are still being negotiated, one project in the Oakview Enhancement Area could include the rehabilitation of four units. Staff is also working with a non-profit to implement a 24-unit project.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Huntington Beach does not have any public housing developments. However, Huntington Beach is one of a number of cities that benefits from the services of the Orange County Housing Authority (OCHA), which is currently managing over 1,000 Housing Choice Vouchers for residential units within Huntington Beach (February 2015); 58 of these were Veterans Affairs Supportive Housing Vouchers, 15 were Family Unification Vouchers, and 45 were Shelter Plus Care vouchers for formerly homeless disabled households. Elderly households comprise 43% of the City's Section 8 recipients (434 households), indicative of several large senior housing complexes with significant numbers of Section 8 tenants. The City also has a high proportion of disabled households receiving Section 8 (426 households), although many of these households are also likely to be seniors.

OCHA last opened its Housing Choice Voucher waiting list in February 2012, during which it received 48,298 applications for assistance. Of the total applicants, 24,756 were living within Orange County, 3,262 were working in the County but living elsewhere, and 20,280 were living and working outside the County. Waiting list statistics highlight both the tremendous need for affordable housing in Huntington Beach, and the need to assist a variety of family needs from differing demographics. The data indicates the need to serve special needs populations that are disabled and/or homeless, as well as the growing need to serve the expanding senior citizen population.

Actions planned during the next year to address the needs to public housing

Not applicable. However, the City will send out letters to all apartment owners, encouraging them to rent to people participating in the Tenant Based Rental Assistance and Section 8 programs.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Throughout the country and the Los Angeles and Orange County region, homelessness has become an increasing challenge. Factors contributing to the rise in homelessness include a lack of housing affordable to low- and moderate-income persons, increases in people living below poverty levels, reductions in subsidies to the poor, drug/alcohol abuse, and de-institutionalization of the mentally ill. As described in greater detail in Section MA-30 Homeless Facilities and Services in the Consolidated Plan, for the two years, the City of Huntington Beach has been actively engaged in numerous activities to decrease homelessness and provide effective and efficient support to local non-profits that provide services to this population. In March 2015, the City Council authorized formation of a Homeless Task Force to coordinate homeless/housing efforts and provide City support/guidance regarding services. The Task Force is keeping the City Council apprised of issues/services and making recommendations as needed. In addition, the Office of Business Development and Huntington Beach Police Department utilized 2015/16 CDBG public service funds for a part-time Homeless Coordinator position to serve as the City's point person for homeless issues. A part-time case worker/social worker will be added with 2016/17 CDBG public service funds to provide wrap-around services to homeless clientele.

Once every two years, Orange County undertakes an effort to enumerate all of the sheltered and unsheltered homeless people within the county in a given twenty-four-hour period. This effort, known as the Homeless Point-in-Time (PIT) Count, is congressionally mandated for all communities that receive U.S. Department of Housing and Urban Development (HUD) funding for homeless programs. The most recent PIT in Orange County for which results have been published and described in the Consolidated Plan was held on the morning of January 24, 2015 with the assistance of 70 homeless persons and 748 homeless service providers and community volunteers.

The January 2015 PIT count enumerated 4,452 homeless individuals in Orange County, representing 0.14% of the total County population, reflecting a 5% increase from the 2013 count of 4,251, and an almost 56% drop from the 2011 count of 6,939 homeless persons (refer to Table 29) and an 87% drop from the 2009 count of 8,333. Of the 4,452 homeless persons counted in 2015, approximately 49% are unsheltered and 51% are sheltered. This represents an increase for unsheltered persons over the 2013 total of 39% and the sheltered total of 61%. Homeless families with children make up 14% of this population and other homeless individuals/households without children account for the remaining 86% of the population.

The Orange County Point in Time Count does not provide specific information by jurisdiction. However, the 2014 Homeless Conditions Report and Recommendations commissioned by the City of Huntington Beach (prepared by City Net) utilizes the following approach to estimate the number of homeless in the City. Applying the 2015 PIT ratio of 0.14% of the County's total population being homeless to Huntington Beach's 2015 population of 201,919 translates to an estimated 283 homeless individuals within the City. Furthermore, assuming the same

Countywide ratio of 51% of the homeless being sheltered would result in an estimated 166 sheltered homeless and 139 unsheltered homeless within the City. These figures generally correlate with the Huntington Beach Police Department estimates of 200 unsheltered homeless at any given time in the City because Police Officers would likely be referring to unsheltered homeless individuals, which are more readily visible and identifiable as homeless.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Huntington Beach is committed to addressing homelessness. In March 2014, the City Council conducted a study session on homelessness in the community, including a presentation by the Executive Director of the Orange County Commission to End Homelessness and the City's Police Chief. Subsequently, the City contracted with City Net, a collaborative organization, to conduct research on the scope and scale of the homeless issues in Huntington Beach, provide an asset map of homeless services and resources, and deliver recommendations about how to strategically leverage existing assets and resources in the community to address the problem. City Net's findings and recommendations are summarized below:

1. The City possesses an abundance of non-profit organizations, faith congregations, local businesses, and community groups that are eager for collaborative solutions to ending homelessness in Huntington Beach.
2. The groups listed above are decentralized both structurally and geographically.
3. The City should invest in coordinating these resources without aggregating them or investing in heavy infrastructure.
4. A proactive connection should be established between the non-profit and faith communities to City safety personnel and other first responders.
5. The City should invest in a multi-sector collective impact collaborative which would meet regularly to achieve goals over the course of 12-months.

Prior to publication of the City Net Homeless Conditions Report, a former Huntington Beach Mayor coordinated the "Huntington Beach Homeless Collaborative" comprised of various homeless service providers and faith based organizations. The Collaborative conducts monthly meetings at the Central Library with the purpose of: gathering resource information useful in dealing with the homeless issue; developing an information and referral system for collaborative members; establishing partnerships with the City; and coordinating activities between homeless service providers. City staff from the Police Department, Community Services, and the City Manager's Office/Office of Business Development attend these meetings.

The City's Police Department recently engaged the services of the Coast to Coast Foundation, a non-profit Police Officer Liaison Program (POLP) designed to eliminate resource barriers and

support law enforcement homelessness teams. Coast to Coast partners with police departments throughout Orange County, providing a model that balances enforcement with outreach. Resources include: Homeless Liaison Officer (HLO) kits for daily patrol, 24/7 locker locations kits, homeless relocation, trained outreach team, community campaign/education and empowerment in support of law enforcement. The City's Police Department and Coast to Coast have created a volunteer program specifically designed to the needs of Huntington Beach. The volunteers engage in monthly outreach efforts to the homeless and have experienced great success.

On March 16, 2015, the City Council authorized the creation and establishment of a seven-member Homeless Task Force to make recommendations to the City Council regarding programs and services for the homeless. Subsequently, the Task Force created six Homeless Task Force Sub-Committees on the following topics: Police; Housing; Coordination of Services & Economic Self-Sufficiency; and Health Services. The Task Force is coordinated by the Office of Business Development with assistance from the Police Department, and the Homeless Outreach Coordinator. On March 22, 2016, the Task Force presented 22 recommendations to the City Council.

Since the establishment of the Homeless Task Force, many accomplishments have been made to date: Subsequently, in January 2016, it created six Homeless Task Force Sub-Committees on the following topics: Police; Housing; Coordination of Services & Economic Self Sufficiency; and Health Services. The Task Force is coordinated by the Office of Business Development with assistance from the Police Department, and the Homeless Outreach Coordinator.

Since the establishment of the Homeless Task Force, many accomplishments have been made to date: Presentations from a variety of homeless organizations including Beach Cities Interfaith Services, OC Health Care Agency, Share Ourselves, the Illumination Foundation, Fresh Beginnings, and the Pasadena and Orange Police Departments; and Creation of six homeless sub-committees who have provided the Task Force with many recommendations to address safety, housing, services, economic self-sufficiency, and health services.

The Office of Business Development and the Police Department have been granted continued CDBG public service funds for FY 2016/17 to fund the current part-time Homeless Coordinator position to serve as the City's point person for homeless issues, as well as the new position of a part-time case manager/social worker. The Homeless Coordinator acts as liaison with the Police Department, non-profit organizations and for-profit groups such as mental health centers, hospitals, churches, shelters, addiction centers and rehabilitation programs. The Coordinator will assist the Police Department in locating shelter beds for the homeless and rehabilitation (detox) beds for those in need of assistance and provide wrap-around services for homeless clientele. In addition, both the coordinator and the case manager/social worker help to coordinate City services regarding homeless encampments and public information.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City has and will continue to address the emergency shelter and transitional housing needs of homeless and homeless families through support of homeless programs such as the Huntington Beach Youth Emergency Shelter; Interval House and Collette's Children's Home transitional housing for battered/homeless mothers with children; American Family Housing transitional housing and supportive housing rental assistance; and Project Self-Sufficiency transitional housing for single parent families. Through the City's Homeless Task Force, the City will also support the provision of emergency housing and services by Beach Cities Interfaith Services and the local faith-based community. The City has also created two (2) full-time Homeless Police Liaison Officers who are responsible for creating relationships with the homeless and to provide services with an eye toward bringing their homelessness to an end. However, with HUD's defunding of two (2) of the City's transitional housing programs, there is a fair chance that local homelessness will increase as a result.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In an ongoing effort to continue to address the needs of the homeless and those at risk of homelessness, the City will focus on the development of sustainable and effective programming, including: applying for short and long-term available funding; partnerships with experienced service providers capable of leveraging other funding; the ability to create or secure affordable housing; perform homeless case management; and engage the homeless through a street outreach component in order to better connect them to available services. The City's goal is to expand on current homeless programs and activities with a greater emphasis on homeless veterans and families to assist with their successful transition toward self-sufficiency.

In FY 2015/16, the also City entered into a subrecipient agreement with a nonprofit agency, Interval House, to operate a city-wide Tenant-Based Rental Assistance Program using tenant selection policies and criteria. The City gave local preference to 10 households impacted by homelessness, persons at risk of homelessness, veterans, seniors, and victims of domestic violence in Huntington Beach. While funded in FY 2015/16, the City will continue to work with Interval House to provide rental assistance in FY 2016/17.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly

funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

To help prevent homelessness and protect at-risk populations, Huntington Beach will continue to participate in the Orange County Continuum of Care System to provide assistance to persons at risk of becoming homeless. In addition, the City continues to pursue opportunities to expand its affordable housing inventory to benefit primarily low-income renters.

The City does not receive Emergency Shelter Grants (ESG) or Housing Opportunities for Persons with AIDS (HOPWA) funding and therefore is not required to develop a discharge coordination policy. However, the City will continue to address a discharge coordination policy with the Orange County Housing Authority and the Continuum of Care Homeless Issues Task Force.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Huntington Beach has a strong history of supporting affordable housing. The City has adopted numerous provisions in its Zoning Ordinance that facilitate a range of residential development types and encourage affordable housing. In addition, the City and its former Redevelopment Agency have provided direct financial assistance to support affordable and mixed income housing projects. The loss of Redevelopment Housing Funds, which previously generated approximately \$3 million per year for housing activities, will dampen the level of future affordable housing production in the City.

In addition to funding constraints, the primary barrier to the provision of affordable housing in Huntington Beach is the lack of vacant land suitable for residential development. Separate owners of smaller parcels hold much of the underdeveloped and residentially zoned land in the City. This calls for alternative policy tools such as lot consolidation and/or demolition of existing older structures to accommodate higher density infill development. Through adoption of the Downtown and Beach and Edinger Corridors Specific Plans, the City has provided opportunities for high density mixed use and residential infill.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Through the administration of the CDBG and HOME programs, every effort is made to remove barriers to affordable housing through agreements with for-profit and non-profit affordable housing developers. These efforts also include working with neighborhood residents to ensure affordable housing projects are acceptable. Ongoing monitoring of “for sale” affordable units is conducted by department staff by assuring that the affordable housing covenants are recorded on title when the unit is sold. To address the decline in sources of housing funds, the City will continue to advocate for and pursue federal, state, local and private funding sources for affordable housing.

Additionally, as part of the City’s Housing Element update, the City must assess and to the extent feasible, mitigate, its governmental constraints to housing for lower and moderate income households and persons with disabilities. The Housing Element addresses the City’s provisions for affordable housing, emergency shelters, transitional housing, and supportive housing. The following programs in the City's 2013-2021 Housing Element specifically address the variety of regulatory and financial tools used by the City to remove barriers and facilitate the provision of affordable housing:

Program 2. Multi-family Acquisition/Rehabilitation through Non-Profit Developers
Objective: Acquire, rehabilitate, and establish affordability covenants on 80 rental units.

Program 7. Residential and Mixed Use Sites Inventory

Objective: Maintain current inventory of vacant and underutilized development sites, and provide to developers along with information on incentives.

Program 8. Beach and Edinger Corridors Specific Plan

Objective: Facilitate development through flexible, form based standards, and streamlined processing. Encourage affordable housing by requiring inclusionary units to be provided on-site, or within the Specific Plan, and providing additional incentives for increased percentages of affordable units.

Program 10. Inclusionary Program and Housing Trust Fund

Continue implementation and re-evaluate Ordinance to provide consistency with case law and market conditions. Establish in-lieu fee amount for projects between 10-30 units.

Program 11. Affordable Housing Development Assistance

Provide financial and regulatory assistance in support of affordable housing. Provide information on incentives to development community.

Program 13. Affordable Housing Density Bonus

Continue to offer density bonus incentives as a means of enhancing the economic feasibility of affordable housing development.

Program 14. Development Fee Assistance

Continue to offer fee reductions to incentivize affordable housing. Specify the waiver of 100% of application processing fees in the Code for projects with 10% extremely low income units.

Program 15. Residential Processing Procedures

Provide non-discretionary development review within the Beach and Edinger Corridors Specific Plan. Adopt streamlined review procedures for multi-family development on a Citywide basis.

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

The City of Huntington Beach has identified long-range strategies, activities and funding sources to implement the goals in the areas of housing and community development services for the benefit of the residents.

- The City will continue to seek other resources and funding sources to address the biggest obstacle to meeting the community's underserved needs, which is the lack of funding and/or inadequate funding.
- The City will look for innovative and creative ways to make its delivery systems more comprehensive and will continue existing partnerships with both for-profit and not-for-profit organizations.
- The City will use HOME and CDBG funds to concentrate on both affordable rental housing, tenant-based rental housing, and homeowner rehabilitation programs.
- The City is currently addressing certain housing needs with federal funds such as availability, condition, and fair housing practices to prevent homelessness.
- The City is also addressing community development needs with federal funds such as infrastructure, improving public facilities and code enforcement.
- The City is working with surrounding jurisdictions on a regional approach to meeting the underserved needs.

Actions planned to foster and maintain affordable housing

The City's Consolidated Plan has identified the preservation of existing, and the creation of new, affordable housing as a priority need during the 2015/16 – 2019/20 timeframe.

In May 2015, the City issued a Notice of Funding Availability (NOFA) identifying nearly \$2.5 million in available affordable housing funds. The City's goal was to obtain proposals for affordable housing projects as well as a proposed Tenant-Based Rental Assistance (TBRA) program. The City identified homeless, those at risk of homelessness, veterans, seniors, and victims of domestic violence as the population for which the housing programs should be targeted. The NOFA was available on the City's website and was disseminated to local CHDO's in the area. The City received five (5) proposals: three (3) proposals for affordable housing projects, and two (2) proposals for TBRA programs.

Interval House was selected to implement a TBRA program based on its extensive experience in providing services to households impacted by domestic violence, and because it already works closely with the City's Police Department in providing housing for eligible households. Additionally, Interval House implemented the City's Homelessness Prevention and Rapid Re-

Housing (HPRP) program, a similar federal funding program that provided assistance to homeless and at-risk persons to alleviate homelessness and provide rapid re-housing. During FY 2016-17, the City will continue to work Interval House to provide tenant-based rental assistance to 10 households. The program was funded in FY 2015/16. The program will be targeted to homeless, persons at risk of homelessness, veterans, seniors, and victims of domestic violence in Huntington Beach.

The City is still reviewing proposals for an affordable housing project, and will eventually pursue a project to assist households at various income levels, including households with incomes at or below 60% of the Orange County area median income (AMI), with preference for proposals that provide units for households at or below 30% AMI. The City's NOFA also identified a preference for projects aimed at homeless, at-risk of homelessness, veterans, and senior populations. The City will also endeavor to alleviate household overcrowding and renter cost burden, while at the same time, addressing the fundamental need for affordable housing for extremely low income families, homeless or at-risk of being homeless households, some of the main housing issues described in the Consolidated Plan. While funds are limited, the City will use regulatory tools - such as flexible development standards, density bonus and other incentives - to support in the expansion of needed affordable housing.

In past years, the City has provided funding support to local public service agencies such as Project Self Sufficiency and AIDS Services Foundation that address the service needs of the homeless and those at risk of becoming homeless. However, continued reductions in the City's CDBG entitlements have resulted in the cutback of such funding support in recent years. The City hopes to reinstate funding support in the future should CDBG entitlement amounts increase.

Actions planned to reduce lead-based paint hazards

As a means of better protecting children and families against lead poisoning, in 1999 HUD instituted revised lead-based paint regulations focused around the following five activities:

- Notification
- Lead Hazard Evaluation
- Lead Hazard Reduction
- Ongoing Maintenance
- Response to Children with Environmental Intervention Blood Lead Level

The City has implemented HUD Lead Based Paint Regulations (Title X), which requires federally funded rehabilitation projects to address lead hazards. Lead-based paint abatement is part of the City's Residential Rehabilitation Program and the Acquisition/Rehabilitation of Affordable Rental Housing Program. Units within rental housing projects selected for rehabilitation are tested if not statutorily exempt. Elimination or encapsulation remedies are implemented if lead is detected, and is paid for by either the developer of the project, or with CDBG or HOME funds, as appropriate.

To reduce lead-based paint hazards in existing housing, all housing rehabilitation projects supported with federal funds are tested for lead and asbestos. When a lead-based paint hazard is present, the City or the City's sub-grantee contracts with a lead consultant for abatement or implementation of interim controls, based on the findings of the report. Tenants are notified of the results of the test and the clearance report. In Section 8 programs, staff annually inspects units on the existing program and new units as they become available. In all cases, defective paint surfaces must be repaired. In situations where a unit is occupied by a household with children under the age of six, corrective actions will include testing and abatement if necessary, or abatement without testing.

Actions planned to reduce the number of poverty-level families

The City's major objectives in reducing poverty within Huntington Beach are to:

- Reduce the number of families on welfare;
- Reduce the number of families needing housing subsidies; and
- Increase economic opportunities for low and moderate income persons.

The City's anti-poverty strategy seeks to enhance the employability of residents through the promotion and support of programs which provide employment training and supportive services, while expanding employment opportunities through the support of programs supporting business development and employment and its recently-completed Economic Development Strategy.

In terms of employment training and supportive services, the City supports literacy programs for families (Oakview Family Literacy Program) with a combination of General Funds and CDBG that help enhance the employability of low income persons with deficient English speaking, reading, and writing skills. As funding permits, the City will continue to support the following Public Services to increase family stability for lower income households:

- Counseling
- Domestic Violence Prevention Services
- Provision of food
- Substance Abuse Services
- Job Training

Lastly, the City of Huntington Beach supports a variety of economic development activities that help to create and retain jobs for low- and moderate-income households. Activities supported include a commercial property locator; employment assistance including of a referral service for finding and training employees; financial assistance through the Small Business Administration; business counseling and training via a litany of not-for-profit Orange County agencies; technical assistance in permits, trademarks, environmental review, and taxes; and export and trade

assistance. Micro-enterprise assistance, job training services, and technical assistance are some areas that may warrant consideration for funding during the Consolidated Plan period.

The City will fully comply with Section 3 of the Housing and Community Development Act, which helps foster local economic development and individual self-sufficiency. This set of regulations require that to the greatest extent feasible, the City will provide job training, employment, and contracting opportunities for low or very low-income residents in connection with housing and public construction projects.

Actions planned to develop institutional structure

As the recipient of CDBG and HOME funds, the City has delegated the Office of Business Development to be the lead department responsible for the overall administration of HUD grants. In that regard, the Division will prepare the Consolidated Plan and Analysis of Impediments to Fair Housing Choice every five years, draft the Annual Action Plan and CAPER, as well as all other reports required by federal rules and regulations.

The City will work with non-profit agencies, for-profit developers, advocacy groups, clubs, and organizations, neighborhood leadership groups, City departments and with the private sector to implement the City's five-year strategy to address the priority needs outlined in the Consolidated Plan for Fiscal Years 2015/2016 – 2019/2020. Engaging the community and stakeholders in the delivery of services and programs for the benefit of low to moderate residents will be vital in overcoming gaps in service delivery. The City will also utilize public notices, Community Workshops and Meetings (as appropriate), the City's website, and other forms of media to deliver information on carrying out the Consolidated Plan strategies.

Actions planned to enhance coordination between public and private housing and social service agencies

In an ongoing effort to bridge the gap of various programs and activities, the City has developed partnerships and collaborations with local service providers and City departments that have been instrumental in meeting the needs and demands of the homeless, low income individuals and families, and other special needs. Over the years, the City has expanded partnerships and created new ones along the way. The array of partners include, but are not limited to: the Huntington Beach Police Department, Library Services, Community Services, and Public Works Departments; American Family Housing, Habitat for Humanity, Interval House, Mercy House, Collete's Children's Home, and AMCAL; Orange County Community Housing Corporation; Jamboree Housing; Community SeniorServ; AIDS Services Foundation; Project Self Sufficiency; Alzheimer's Family Services; Fair Housing Foundation; the Orange County Housing Authority; and 2-1-1 Orange County and OC Community Services (Orange County Continuum of Care). During FY 2016/17, the City will continue to develop these partnerships.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I) (1,2,4)

Introduction:

The City of Huntington Beach participates in HUD's CDBG Program that is used for creating decent affordable housing, suitable living environments, and economic opportunities. The new program year (2016/17) will begin on October 1, 2016. The FY 2016/17 CDBG allocation is \$995,023, and along with prior year funds of \$140,053, the City will have \$1,135,076 available to implement CDBG projects and programs during the program year.

Community Development Block Grant Program (CDBG)

BLOCK GRANT (CDBG) AND HOME INVESTMENT PARTNERSHIP (HOME)
PROGRAMS**

NOTICE IS HEREBY GIVEN that on July 18, 2016, at 6:00 PM or shortly thereafter, the City Council will hold a public hearing approving the FY 2016-2017 Annual Action Plan and will accept public comments on the use of Community Development Block Grant (CDBG) and Home Investment Partnership (HOME) funds. The meeting will be held at 6:00 PM, or soon thereafter, at the Huntington Beach Civic Center, City Council Chambers, located at 2000 Main Street, Huntington Beach, California 92648.

The City must annually submit an Annual Action Plan (AAP) to the US Department of Housing and Urban Development (HUD), which specifies the activities that will be undertaken to meet the goals identified in the 2015-2019 Consolidated Plan. The AAP is due to HUD by August 15, 2016, and is subject to review and approval by HUD. The City of Huntington Beach expects to receive approximately \$995,023 in CDBG and \$424,106 in HOME funds for FY 2016-2017 from HUD.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): CDBG funds are designed to assist the City in its efforts to provide decent housing, a suitable living environment, community services and facility needs, and expand economic opportunities for primarily low-and-moderate income persons. The City may allocate a maximum of 15 percent (15%) of the annual CDBG funds to public service providers. Therefore, approximately \$149,253 is available to public service providers in FY 2016-2017. The remainder of funds may be allocated to capital projects or capital improvements, and to administrative costs which are limited to 20 percent (20%). Funds remaining from prior projects completed under budget may be allocated to supplemental City-initiated capital projects. Funding allocations as recommended to the City Council by the Citizen Participation Advisory Board is proposed for FY 2016-2017 as follows:

CDBG Administration		\$169,005
Fair Housing Foundation		\$ 30,000
	TOTAL ADMIN:	\$199,005
Section 108 Loan	TOTAL SECTION 108:	\$214,167

	TOTAL PUBLIC IMPROVEMENTS:	\$251,403
	2015-2016 CDBG PROJECTS:	\$1,135,076

HOME: The 2016-2017 estimated allocation of \$423,750, minus the maximum of ten percent (10%) for program administration costs, will be allocated at a future date to qualified projects.

The City Council has established a Citizens Participation Advisory Board (CPAB) to review public service provider applications for 2016-2017 CDBG funds. The CPAB met on March 3, April 7, May 5 and May 12, 2016 to hear presentations from applicants and prepare funding recommendations. The recommendations of CPAB were presented at a Joint Study Session with City Council on June 6, 2016 and will be considered for adoption at the July 18, 2016 City Council meeting. The City Council will then approve funding levels for Public Service, Administration, Public Improvements, and Housing Projects in the Annual Action Plan for 2016-2017, and final documents will be submitted to HUD by August 15, 2016.

The Draft Annual Action Plan for FY 2016-2017 will be available for a 30-day public review period starting on June 16, 2016. The purpose of the review period is to provide the public an opportunity to comment on the planned expenditures of approximately \$1.5 million annually in CDBG and HOME funds for HUD-eligible activities. Copies of the individual plans will be available at the Huntington Beach Central Library (7111 Talbert Avenue); Oak View Branch Library (17251 Oak Lane); the Office of Business Development at Huntington Beach City Hall (2000 Main Street); and online at: <http://www.huntingtonbeachca.gov/government/departments/ed/cdbg/>.

Written comments can be addressed to Robin Estanislau, Office of the City Clerk, City of Huntington Beach, 2000 Main Street, Huntington Beach, California 92648. Public comments can be made during the 30-day public review period, as well as at the public hearing on July 18, 2016. The City Council will consider all comments received during the 30-day public review period at the July 18, 2016 City Council meeting.
