

PLANNING DEPARTMENT

“Second Opinion” Services

Anytime there is disagreement or further clarification needed, just ask for a “Second Opinion” with how we have interpreted a regulation or policy or if additional confirmation regarding a zoning matter is necessary. While we are legally responsible to apply certain zoning codes and development regulations to ensure quality and safe development, Planning staff wants to make sure complete and clear information has been given to minimize any frustration. Our commitment is one of open communication designed to ensure the highest quality of entitlement processing, plan checking, code interpretation, and neighborhood preservation.

Herb Fauland, Planning Manager, (714) 536-5271
Entitlement Processing

Jason Kelley, Senior Planner, (714) 536-5271
Zoning Counter, Land Use, Code Interpretations, and Planning Plan Check

Bill Zylla, Neighborhood Preservation Program Manager, (714) 375-8487
Code Enforcement/Zoning Code Violations
