May 24, 2005

TO: Coastal Commissioners and Interested Parties

FROM: Peter M. Douglas, Executive Director

SUBJECT: Executive Director's Report (for June 2005 Meeting in Eureka)

The following is a brief report on various matters of interest since the April Commission meeting in Monterey. Please call me or the appropriate staff person if you would like more information on any of these matters.

1. Energy Matters

Cabrillo Power I LLC Request for Amendment to Coastal Development Permit for Encina Power Station

Cabrillo Power I LLC has submitted a request for amendment to its coastal development permit for the Encina Power Station in Carlsbad. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Carlsbad and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Delta, LLC Request for Amendment to Coastal Development Permit for Contra Costa Power Plant

Mirant Delta, LLC has submitted a request for amendment to its coastal development permit for the Contra Costa Power Plant in Antioch. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Antioch and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Potrero, LLC Request for Amendment to Coastal Development Permit for Potrero Power Plant

Mirant Potrero, LLC has submitted a request for amendment to its coastal development permit for the Potrero Power Plant in San Francisco. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of San Francisco and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Delta, LLC Request for Amendment to Coastal Development Permit for Pittsburg Power Plant

Mirant Delta, LLC has submitted a request for amendment to its coastal development permit for the Pittsburg Power Plant in Pittsburg. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Pittsburg and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Delta, LLC Request for Amendment to Coastal Development Permit for Marsh Landing Power Plant

Mirant Delta, LLC has submitted a request for amendment to its coastal development permit for the Marsh Landing Power Plant in Antioch. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Antioch and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Delta, LLC Request for Amendment to Coastal Development Permit for Delta Energy Center Power Plant

Mirant Delta, LLC has submitted a request for amendment to its coastal development permit for the Delta Energy Center Power Plant in Pittsburg. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Pittsburg and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Delta, LLC Request for Amendment to Coastal Development Permit for Los Medanos Power Plant

Mirant Delta, LLC has submitted a request for amendment to its coastal development permit for the Los Medanos Power Plant in Pittsburg. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Pittsburg and is visible from many locations throughout the City. The proposed new stack would be substantially shorter than the existing stack and would be consistent with the City's height limit for development in the area. The amendment request is scheduled for Commission action at the June meeting in Eureka.

Mirant Delta, LLC Request for Amendment to Coastal Development Permit for Contra Costa Power Plant

Mirant Delta, LLC has submitted a request for amendment to its coastal development permit for the Contra Costa Power Plant in Antioch. The amendment request would authorize the replacement of the existing 400-foot-tall exhaust stack with a new 250-foot-tall exhaust stack. The existing stack is the tallest structure in the City of Antioch
