

Become a Fire Department Volunteer

Get Your Home and Family Prepared

In most disasters, the victim or bystander is the first to respond. Do you know what to do?

What is CERT?

CERT (Community Emergency Response Teams) is a FEMA endorsed training program that prepares you to help yourself, your family, your neighbors and your community in the event of a disaster. During an incident, emergency response personnel could become overwhelmed and resources will be limited. By becoming CERT trained, you will gain the skills to help emergency responders save lives and property. Once you have completed the training, you have the opportunity to become a Fire Department CERT volunteer.

What Will I Learn?

In the **Save-A-Life Saturday** series, you will learn:

- How to prepare your home and family for a disaster
- How to perform basic first aid and CPR
- How to safely search a building for trapped victims and rescue them
- How to put out small fires using a fire extinguisher
- How to survive outdoors if you cannot return to your home because it is unsafe

What do CERT Volunteers do?

CERT volunteers are trained to prepare for and respond to a disaster until first responders arrive. You will be taught to manage a disaster in your home, work, neighborhood or school. After taking care of your home, family and neighborhood, you will help the city with duties such as, providing damage assessment information, sandbagging, sheltering, helping in the Emergency Operation Center (EOC), and providing support to the Fire Department and Police Department.
