## SAVING WITH HOME DELIVERY

When you get maintenance medications (those prescription drugs you take regularly) at a retail pharmacy, you could be paying more than you need to. Use Express Scripts home delivery pharmacy services\* for drugs to treat an ongoing condition (3 months or longer). We will deliver up to a 90-day supply right to you with free standard shipping.

## SAVING WITH GENERICS

FDA-approved generics are as safe and effective as their brand-name counterparts. If you're taking a brand-name drug, talk to your doctor and ask whether a less expensive generic drug could treat your condition. If your doctor agrees, ask your doctor to write a new prescription for the generic that you can fill through your prescription benefit.

\*If you purchase a brand-name medication when a generic medication is available, you will pay the generic copayment, plus the difference in cost between the brand and the generic.
