MARCH POSTAGE UPDATE

We need \$20,000 again this year to cover the expenses of postage, labels, and returned Newsletters. For the past 28 years, we have been able to raise this money through generous donations from our subscribers and advertisers. We hope we can continue to do this in 2007. At the end of February, we had received \$4,907--we have **\$15,093 to go**. A \$4 donation pays for each subscriber's postage; a \$5 or more donation puts your name in the Newsletter as a contributor; and a \$20 donation will put your name in the Newsletter plus you will receive a Neighborhood Watch sticker and a Surf City keychain. And, remember, since we are a non-profit organization, your donations are tax deductible.

Make your checks payable to: **HB NEIGHBORHOOD WATCH**

**Send to: HB NEIGHBORHOOD WATCH
PO BOX 5667
HUNTINGTON BEACH, CA 92615**

**Or: HB POLICE DEPARTMENT
2000 MAIN ST.
HUNTINGTON BEACH, CA 92648**

REMEMBER

**HB NEIGHBORHOOD WATCH BOARD MEETING
Tuesday, April 10, 2007 at 6:30 p.m.
Huntington Beach Police Dept.
2nd Floor Conference Room**

BUMP KEYING--THE RISK IS REAL

By Gary DeGarimore, Ken's Locksmithery

Countless news stories have aired on network news in the past few months describing the security risk due to lock bumping. A recent web search of "bump key" accessed over 4 million links to websites describing how a thief can use a bump key to bypass common house locks. Some sites show instructional how-to videos, how to modify a key, and some are actually selling bump keys!

What is a bump key? A bump key is an actual key that can be made from any standard key and as long as it can enter a lock it can be used to open the lock. Anyone can learn the technique in a matter of minutes. This means that any unskilled burglar now has access to information and tools that make your home or business subject to this type of attack. This bypass method has been familiar to and used by licensed locksmiths for many years in their duties. The recent media attention has brought this method out in the open.

How do I know if a break-in is due to a bump key? Bumping a lock is undetectable, as an actual key has been used to open the lock. FBI statistics say that over 50% of burglaries show no signs of a break-in.

Who is vulnerable? Virtually every home or business that uses standard house keys to lock their doors. This creates a false sense of security for most of the population; as many as 95% use these common locks.

What can I do? Upgrade to bump-resistant locks. There are locks available which are constructed to be pick, bump, and drill resistant. These locks have been tested and certified by Underwriters Laboratories to conform to certain high standards. Mul-T-Lock and Medeco are popular brands that conform to the UL specifications. Along with the physical strength of these locks comes patented key control, which prevents the unauthorized duplication of your keys. Imagine knowing how many keys exist for your locks and that the keys cannot be duplicated by others such as housekeepers, pet sitters, valet attendants, and employees that you may lend keys to. A recent ABC newscast on bump keys stated, "Locks are a place where you don't want to scrimp to save a few bucks." For more information, call 842-4808.

DON'T BE SCAMMED!

NATIONAL CRIME PREVENTION COUNCIL

Scams and schemes are a criminal's "bread and butter." If you have a computer, a telephone, or a mailbox, you could become a victim. Your best defense is to know a scam when you see (or hear) one. Following are a few common scams that criminals pitch to innocent people every day.

- ♦ **Credit-related Schemes:** You are promised a credit card regardless of your credit history, for an advance fee. Or you are promised credit card protection or credit repair services, also for a fee. You pay, but the card or service is never delivered.
- ♦ **Magazine Sales Scams:** You are offered a magazine subscription at a very low price by someone who claims to work for the magazine company. The price is misrepresented and is actually much higher, or the magazine is never delivered.
- ♦ **Investment Fraud:** You are invited to participate in an investment opportunity and promised spectacular profits with no risk. Instead of making money, you lose it.
- ♦ **Overpayment Scams:** You advertise something you want to sell and a potential buyer offers to purchase it. The buyer sends a check for more than the asking price and asks you to wire back the difference. You do, but later the buyer's check bounces.
- ♦ **Work-at-home Scams:** Advertisements promise big earnings for people who want to work at home. You send a check for training or materials and receive a kit with cheap craft materials and discover there are no clients to pay for your work.
- ♦ **Vacation/Travel Fraud:** You accept an offer for a free, or very cheap, travel package but end up paying hidden costs, such as reservation fees or taxes, or listening to a high-pressure sales pitch for a timeshare or club membership.
- ♦ **Phishing:** You get an email or pop-up message that says your account must be updated immediately or it will be closed. You click on a link to a website that looks like it belongs to your bank or other institution and "update" your account by entering personal identifying information. Soon you discover you are a victim of identity theft.
- ♦ **Pharming:** Also called domain spoofing, this technique is used by criminals to redirect web traffic from a legitimate server to their own server, where they can steal any personal information that the user types in. Pharmers "poison" the Domain Name Service in order to "fool" a user's browser into linking to a bogus website.
- ♦ **Nigerian Money Scam:** You are contacted by someone from Nigeria and offered millions of dollars if you will transfer money from a foreign bank to your bank account for safekeeping. When you agree, you are asked to pay huge transfer fees or legal expenses but receive no money.
- ♦ **Prize and Sweepstakes Scam:** You are told that you have won a fabulous prize but must buy something or pay taxes up front in order to claim it. The prize is a cheap trinket, worth far less than the money you paid to claim it.
- ♦ **Foreign Lotteries Scam:** You are offered tickets to enter a foreign lottery and send money, but either the lottery doesn't exist or the tickets never arrive. It is illegal to promote a foreign lottery by telephone or mail in the United States.
- ♦ **Pyramids and Multilevel Marketing:** For a fee, you are promised big profits in exchange for recruiting new members. Plans that promise profits for recruitment of members rather than for selling goods and services are illegal and usually collapse.
- ♦ **Scholarship Scams:** A company guarantees scholarship money for an upfront fee, but it only helps locate scholarships rather than awarding them.
- ♦ **Charity Scams:** A natural disaster is dominating the news and you get a letter/email/phone call asking you to donate funds to help its victims. You send money, but the victims never receive your donation or receive only a tiny portion—the rest goes to cover administrative costs like salaries.
- ♦ **Bogus Merchandise Sales:** You purchase something advertised for sale on the Internet or through a telemarketing call. You pay for the merchandise but never receive it or receive an inferior or counterfeit product in its place.
- ♦ **Telephone Cramming:** Unauthorized charges for goods or services appear on your phone bill, but you miss seeing them because your phone bill is complicated with authorized charges such as voice mail and Internet service.
- ♦ **Telephone Slamming:** Your telephone service is switched from your current company to another one without your knowledge or permission, resulting in higher charges for long distance and other services.

ANY CRIME THAT IS DANGEROUS OR LIFE THREATENING SHOULD BE REPORTED DIRECTLY TO LOCAL LAW ENFORCEMENT. CREDIT CARD COMPANIES AND FINANCIAL INSTITUTIONS SHOULD BE NOTIFIED BY PHONE AS SOON AS FRAUD IS SUSPECTED. BUT CRIMES SUCH AS IDENTITY THEFT, COMPUTER HACKING, SPAM, AND TELEMARKETING FRAUD MAY BE BEST ADDRESSED BY AGENCIES THAT SPECIALIZE IN THESE PROBLEMS.

FBI-CRIME FIGHTER IN THE SKY

Some notable calls for January:

On January 3rd, Officers Wersching and Catalano assisted Garden Grove PD following a pursuit. They located the suspect with the FLIR and a handgun was recovered.

On January 4th, Officers Paholski and Reed assisted detectives with an outstanding bank robbery suspect. They followed the suspect downtown where he was taken into custody.

On January 5th, Officers Paholski and Reed flew to an auto burglary-in-progress call at Seapoint/PCH and observed the suspect leaving. Units were directed to the suspect while the crew used the PA system to notify the victim who was in the surf. The suspect was taken into custody.

On January 9th, Officers Catalano and Wersching observed flames erupting from the wooden bridge extending over the Santa Ana River at Lebard Park. They followed four suspects from the scene and directed units to them. All four were arrested for arson. That same night the crew spotted a DUI at Warner/Gothard who was arrested by ground units.

On January 10th, Officers Catalano and Wersching assisted Placentia PD to look for suspects of a stolen vehicle who fled on foot. They used the FLIR to locate one suspect who was taken into custody.

On January 14th, Officers Paholski and Reed spotted a vehicle recklessly driving in Seeley Park, damaging the grass. They got the vehicle stopped and the driver was arrested.

On January 31st, Officers Catalano and Ramsey assisted Garden Grove PD with a pursuit and followed the suspect who eventually fled on foot. Units were directed to the suspect who was taken into custody.

On January 31st, Officers Wersching and McNaughton spotted a car driving at 150 MPH N/B 405 to Beach. The driver was stopped and arrested for DUI.

RESIDENTIAL BURGLARIES, VEHICLE BURGLARIES GRAND THEFT AUTOS

The police patrol areas are the north and south. The patrol beats are 2-13. Your RD (Reporting District) is the half-mile square surrounding your home.

To locate your Beat and RD, please check the map on the back inside page. In most cases, your BEAT/RD is identified on your address mailing label.

RESIDENTIAL BURGLARIES

38 entries in February
37 entries in January

Sixteen of the entries were due to **OPEN OR UNLOCKED** windows or doors, or 42% of the entries reported.

Further breakdown reveals 9 garage entries out of 38 burglaries, or 21% of the entries reported in February.

Twenty-two of the entries reported occurred during daytime (6:00 am. to 6:00 pm.).

Sixteen entries occurred during night (6:00 pm. to 6:00 am.).

There were four attempts without entry, two entries by window smash, one entry by a passkey, eight entries by force or pry tool, four entries by unknown means, one entry thru a dog door, one entry with no force with house under construction, one entry by force with the house vacant.

VEHICLE BURGLARIES

79 reported in February
70 reported in January
