

Summer is right around the corner, and the great out-of-doors is beckoning! This past weekend, I spent time at the shore. Sitting in my chair close to the water with my feet in sand, I was completely mesmerized. The view of the sun dancing on the water and the sound of the waves breaking on the beach created a completely blank place in my mind. I was physically and mentally at rest; the rhythm of the water washing away the weight of the world! In Huntington Beach, we have a unique opportunity to get outside and enjoy our various parks, trails, beaches and open space! Research shows us that contact with the natural world improves physical and mental health. Experience tells us that spending time outdoors with family and friends produces a collection of wonderful memories. Life teaches us that sharing time and space with others creates community! Our community centers, parks, trails, beaches and harbors provide opportunities for recreation and respite for Huntington Beach residents and visitors alike. Take time to play with us this summer by participating in recreation classes and programs...or just enjoy the scenery! You'll be happy you did.

Janeen Laudenback
Director of Community Services
