## FIRE DEPARTMENT

### MAJOR STORM PREPAREDNESS

Being prepared for an emergency is always important, especially if you get a warning ahead of time! The Huntington Beach Fire Department made extra efforts to be ready for potential issues in the community from the massive rainstorm that was expected in March.

The Emergency Operations Center at City Hall monitored current weather forecasts and was ready to activate if necessary. Volunteers from the Fire Department's Community Emergency Response Teams (CERT) Program checked the CERT hotline phone for storm related questions and provided seniors in the community with sandbags upon request.

With expectations of a stronger storm in the northern part of the state, which would greatly affect areas already damaged by the devastating fires of December, the Office of Emergency Services (OES) requested additional emergency units to the area. The OES green fire engine staffed by Huntington Beach Fire Department personnel, including a battalion chief serving as team leader, responded on March 21 to the Santa Barbara area with other OES units from Fountain Valley, Garden Grove, Laguna Beach, and Arcadia. They surveyed potential mudslide risks and viable escape routes, and identified the locations of residents who had not left the mandatory evacuation area. The units returned home on March 23 after the storm clouds left without creating the expected damage.

These actions, both in our own community and across the state, show how the fire service prepares and responds to ensure emergency help is ready and quickly available to meet the needs of the community. For information on how you can prepare for various emergencies, visit:

[https://www.huntingtonbeachca.gov/government/departments/fire/emergency\\_preparedness/emergency-preparedness.cfm](https://www.huntingtonbeachca.gov/government/departments/fire/emergency_preparedness/emergency-preparedness.cfm).

## POLICE/FIRE DEPARTMENT

### "EVERY 15 MINUTES" PROGRAM

On Monday, March 26, the Huntington Beach Fire Department and Huntington Beach Police Department participated in the "Every 15 Minutes" program held at Ocean View High School. The Every 15 Minutes program is a two-day program that challenges high school juniors and seniors to have an increased awareness about the dangers of impaired driving under the influence of alcohol, drugs, and texting.

The reenactment of a DUI crash involving high school students starts with them being pulled out of class one-by-one, and being told they have died in the accident. Then they move through a simulated crash scene where the "drunk driver" is put through Field Sobriety Tests and then later "arrested" as part of the reenactment. The program also includes an assembly, parent participation, and many volunteers throughout our community.

Fire Engineer, Travis Terich, has been the Fire Department's representative on the planning committee for the past six years and he loves working with the students. He ensures that the emergency responders provide the greatest impact on how a bad decision can harm family, friends, and the community. "One of the reasons I'm so passionate about this event is that, as a first responder, the decision has already been made when we arrive on scene," Travis states. "We deal with the aftermath – the tragedy when the wrong choice was made. We can't change a thing. My

hope is that this program acts as a strong preventative warning so better choices are made in the future."

Travis is involved from the event planning to the study body presentation. He attends the retreat and shares tears and heartfelt emotions with the students. Years later, students have contacted Travis and stated that the program message stuck with them, and they have pulled car keys from the hands of someone who had been drinking. Travis stated, "The Every 15 Minutes program empowers the students to make positive change. Hopefully, these students will speak about the program to their friends and family, who will then speak to others, and a ripple effect will spread this powerful message to everyone in our community."

## COMMUNITY SERVICES DEPARTMENT

There will also be raffle prizes, along with a fun filled silent auction at the awards dinner. The tournament is set up in a fun scramble format so no handicap is needed and is open to all ages.

### EASTER HUNT AND FAMILY FUN DAY HAD ANOTHER SUCCESSFUL YEAR!

On Saturday, March 31, the Community Services Department and the Huntington Beach Kiwanis Club hosted their annual "Easter Hunt and Family Fun Day." The event was held at the Sports Complex and drew large crowds with more than 10,000 people attending. Children up to 10 years of age collected over 8,000 pounds of candy. The fun family day included a variety of wonderful displays by several departments within the city. Children were invited to climb on various equipment and vehicles provided by Public works, Fire, and Police Departments. There were multiple games and crafts were available for children of all ages. The traditional egg hunt was a hit, and local bands and Community Services contract instructors provided entertainment throughout the day. Many HB businesses also participated with booths and activities. New this year was the opportunity to dunk many of our local "celebrities" for a good cause, including Mayor Posey and our Police and Fire Chiefs, and a visit from the Easter Bunny made it a perfect day for all.
