

City Of Huntington Beach

End Of Year Accomplishments

2012-**2013**

Welcome

On behalf of the City of Huntington Beach, I am proud to present this 2012-13 Fiscal Year report of extraordinary accomplishments the City has achieved, despite many fiscal challenges. We approached FY 2012-13 cautiously optimistic in our budgeting approach. However, I am pleased to report that we ended the year with higher than anticipated revenues and, as a result, we have been able to increase funding for public safety, pay down unfunded liabilities, and look to a brighter future.

Because of thoughtful decision making by the City Council, we managed the City's fiscal health in a manner that positions Huntington Beach for a stable future. Continued increases in revenue will afford funding for high priority areas such as public safety and infrastructure improvements.

At a time when most cities are struggling to maintain equilibrium, Huntington Beach is rising to new levels. The City Council consciously seeks policy choices that strengthen Huntington Beach now and in the years to come. In their 2013 Strategic Planning Session, the City Council adopted the following three year goals:

- ◆ Improve the City's Infrastructure
- ◆ Enhance Economic Development
- ◆ Improve the long-term financial sustainability
- ◆ Develop, retain, and attract quality staff
- ◆ Enhance and maintain public safety

Using these goals as guiding principles will lead the City of Huntington Beach into the future. We look forward to a new year, with new opportunities and a continued commitment to excellence.

Respectfully,

Fred Wilson
City Manager

City Attorney

The City Attorney's role is to serve as legal counsel and provide legal advice and representation to their clients. The City Attorney's clients are the Mayor and City Council acting as a body, representing the residents of Huntington Beach.

The City Attorney's Office is structured with three divisions: Administration, Litigation, and Advisory.

The Administrative Division is responsible for supporting the Litigation and Advisory Division, as well as managing the department budget, personnel, financial, technology, training and development, and records management. The Administration Division has been responsible for a comprehensive training program for City staff, a summer externship program designed to educate and mentor law students, preparing and arranging 75 Civil Citation Hearings, and compiling reports to City departments and City Council.

The Litigation Division's role is to defend against the lawsuits and claims brought against the City. They have achieved significant success in handling its cases this year. This is a result of aggressively pursuing all available, meritorious causes of action or defenses, aggressively pursuing indemnity against culpable co-defendants, and equally aggressively pursuing discovery responses so that opposing litigants recognize both the weakness of their case as well as the strength of the City's case. Notable successes include: residents challenging the legal adequacy to the Environmental Impact Report for Downtown; Sunset Beach residents challenging the annexation of Sunset Beach; Plaintiff alleged civil rights violation; Plaintiffs alleged City's failure to overturn the issuance of the Conditional Use Permit for an express car wash; Claim for wrongful arrest; Personal injury and wrongful death action; Bicycle accident claiming dangerous condition on bike path; and Plaintiff riding on a motor scooter slipped in a puddle while making a turn.

BY THE NUMBERS

- Prepared and arranged 75 Civil Citation Hearings for City's hearing officer
- Received 442 Request for Legal Services, and closed 363 of those requests
- The City Attorney's Office Litigation Division handled 83 cases
- The City of Huntington Beach was served with 19 new cases
- During fiscal year 2012/13, the City Attorney's Office closed 31 cases

City Clerk

"Your partners in Democracy"

The City Clerk's Office continues to make great strides in automating distribution of information to staff, the City Council, and, most importantly, the public. In support of goals outlined in our City's Strategic Plan to increase transparency, efficiency, and to be environmentally friendly, the City Clerk's Office has taken steps to mandate electronic filing of Statement of Economic Interests (SEI) - Form 700 and Campaign Disclosure (FPPC) 460 filings. Both processes have been approved at the State level.

The City Clerk has scanned, indexed, and quality-controlled 24,042 pages into the public records search portal this fiscal year, making it easy for Council, staff and the public to retrieve information at their convenience. This reduction in staff research time helps make it possible to manage tasks identified as "core" within the Department's adopted fiscal year budget.

The City Clerk's Office continues to raise general fund dollars through passport acceptance services. Passport and voter outreach information continues to be provided to the public at citywide events. Look for our passport ads in local publications, or visit our webpage at:

<http://www.huntingtonbeachca.gov/passports>

City Clerk Joan Flynn

We've enhanced our services to provide public access to information using different media devices

BY THE NUMBERS

- Codified 18 City Council Ordinances
- Processed 4,213 passport applications and produced 3,140 passport photos (\$105,325 and \$31,400 respectively in General Fund Dollars)
- Public Records Search Portal received 147,821 webpage hits in FY 2012/2013
- Coordinated submittal of California SB 90 claims for unfunded mandate reimbursements totaling \$929,669
- Worked with City Employee Team P.O.W.E.R to conduct no-cost, morale-increasing activities for staff benefiting the Relay for Life/American Cancer Society

City Manager's Office

The City Manager's Office provides professional leadership in the management of the City and is responsible for the coordination of all municipal programs and the executive supervision of all City departments and agencies. Working in a collaborative environment with a team-based approach, the City Manager implements the vision of the City Council. Divisions in the City Manager's Office consist of Administration, Public Information and Energy.

The Administration Division assists in planning, directing and reviewing the administrative activities and operations of the City including implementing City policies and procedures. The Public Information Division provides information for the City to all media outlets and implements the City's Communication Plan. Lastly, the Energy division develops, promotes, and implements a comprehensive long-range energy management program and monitors energy/climate grants.
