

CITIZEN'S FOR GOOD GOVERNANCE, No on Measures A, B, and C - Protect HB Campaign, FPPC# 1454094

Protect Huntington Beach

Vote **NO** on Measures A, B, & C

We may **not get another chance** to save our city

✗ Expensive

Huntington Beach's Chief Financial Officer has estimated that the cost of Measure A, which would require the city to set up a separate elections department, could range from **\$1.3 million to \$1.65 million**, not including costs for cybersecurity or ballot tracking.¹ That's money **we can't spend on public safety, small business, or protecting our beaches.**

✗ Dangerous

Attorney General Rob Bonta and Secretary of State Shirley Weber have both warned Huntington Beach that Measure A conflicts with state law² by disenfranchising voters. That's yet another lawsuit that **puts our city's financial health and credibility at risk.**

✗ Unnecessary

Measure C gives the Mayor - a position not directly elected by us and selected by politicians - more power to **shut down meetings and decrease transparency** at City Hall.

¹ February 14, 2024. Daily Pilot.

² September 28, 2023. Press Release from the Office of the Attorney General.

Join us in voting **NO** on Measures A, B, & C
