EFFECTING CHANGE ONE PERSON AT A TIME

Officer Schloss and Coast to Coast volunteers helped her get off the streets.

AUGUST WAS A GOOD MONTH

During the month of August, we were able to help get six people off the streets. It often takes a great deal of phone calls, emails and maneuverings to get things done. We are not always successful in our efforts, but we are persistent. We cannot help those who do not want it, but we will do what we can for those who do. Our efforts are not always rewarded but we will continue, because making the difference for one person has exponential effects.

Two people were assisted with detox, one of whom was placed in a residential recovery facility immediately thereafter. Four were placed in community housing with help from our nonprofit partners whom we appreciate very much.
