COAST BOULEVARD SOON TO BE A REALITY.

BOARD OF SUPERVISORS HAVE ADVERTISED FOR BIDS.

At the session of the Board of Supervisors Monday, a resolution was passed, authorizing the Highway commission to advertise for bids for the first unit of the long-looked-for Coast boulevard, in Orange county.

Sealed proposals will be opened June 3, for that portion of the road south from Seal Beach to Los Patos, where the boulevard connects with the road to Santa Ana. The bridge at Los Patos has been changed from a 40-foot span, as originally intended, to a 50-foot span, and the officials are now awaiting authority from Washington to make the change. Actual work will begin on this highway about June 15, and J. A. Armitage, secretary of the South Coast Improvement Association, who was in Huntington Beach Wednesday, states that it will not be much longer until work will also be started on that portion of the road south of Huntington Beach, and it will probably not be very many months until this important stretch of road is dedicated to the public.

This is a case of the goods being delivered by the South Coast Improvement Association, as it is extremely doubtful whether this boulevard would have been built for many years to come, had it not been supported by the united cities of the South Coast District, through the effective medium of this valuable association. There are some in Huntington Beach who do not think that this city has received benefits commensurate with the amount of money expended. This city has paid the South Coast something like \$3600 and this one item alone is worth many times that amount; in fact it is diffi-
