

Existence; Music Will be Furnished by Donatelli's Famous Italian Band and Long Beach Municipal Band; Southern California Chorus of 150 Voices Among the Many Attractions.

It is certain that no more elaborate preparations were ever prepared in a city of like population than those that have been arranged for the celebration of one of the most magnificent concrete piers to be found on either of the American coasts, in this city, June 20 and 21.

The committee appointed by the Board of Trade to have general charge of the arrangements follows: H. T. Sundbye, of Johnson & Sundbye, and president of the Board of Trade; R. M. Dickinson, local manager for the Sharer Investment Co., and secretary of the Board of Trade; and H. B. Little, assistant cashier of the First National Bank and Savings Bank of Huntington Beach.

To this committee was added W. C. O'Connor, as chairman of the program committee, and the concessions committee consisting of Leonard O'Barry, of O'Barry's drug store, H. E. Talbert, confectionery dealer and City Marshal John Tinsley. And some of these men have given most of their time for the past three weeks and all of them have given much of their valuable time for the public good.

Special Meeting of Board of Trade.
There was a special meeting of the Board of Trade Tuesday evening, with President Sundbye in the chair. Mr. Sundbye stated that at a prior meeting of the Board, a motion had prevailed limiting the expenditures of the pier celebration to \$1200, the amount which the finance committee had agreed to raise by public pledges. And in order to carry out the entire program as had been outlined by this committee some more money would be required, and the purpose of the special meeting was to have the board authorize the committee to spend what additional money might be required, which would probably amount to \$100 or \$200 more than the original limit.

The program as outlined by the committee was read by Mr. Dickinson, who explained that the additional money asked for was in sight, as it would be derived from concessions and additional pledges that would be made in a short time, but the committee desired the sanction of the board to spend this money, in order that the members might not be personally liable for any amount over the \$1200 limit.

A Slight Misunderstanding.
Mr. Dickinson stated that the committee had arranged to take the Huntington Beach band along on the big booster excursion into the interior towns Friday and Saturday, and had asked for a price, which was given as \$42, which was intended as a price per day, but the committee supposed it was for the trip. And the committee desired to put the matter up to the board as to whether the extra \$42 expense should be incurred or not.

Ralph C. Turner, of the Turner Department Store, inquired if the proposed trip would be all the part the home band would take in the Pier celebration festivities, and was answered in the affirmative.

M. A. Turner, of the same store, suggested the Japanese performers on the Sunday program be eliminated and the saving would take care of the band boys.

A motion by F. H. McElfresh, of the McElfresh Mercantile Co., seconded by Mr. Talbert, prevailed, that the Home Band boys be taken along on the booster trip.

Trustee W. E. Tarbox stated that he thought the committee should be authorized to spend all the money collected for the purpose of the celebration, and moved that the committee be so authorized; the motion was seconded by Trustee M. E. Helme, who expressed a similar view, and

prevailed by unanimous consent. If you do not believe that the committee has been busy read the following program:

A copy of this issue of the News will be delivered to every person in Huntington Beach and vicinity. This is being done because there are many new people coming to this growing community and not all of them are yet subscribers for the News, and it is the desire of the publisher that all have an opportunity to see what kind of a paper is now being published in this city.
And it is hoped that the paper will be found of sufficient merit to warrant every person who is not now a subscriber, to become one in the near future.
There is seldom a paper issued that there is not something in it that is of interest to most of the citizens of this community.
If you are taking your Old Home Weekly we ask you to compare it with the Huntington Beach News, which will convince you that your present home paper is worth subscribing for.

He was quick to realize that there was a good opening here for a first class picture show, as there is in every community in the country, in this age, and he lost no time in showing the citizens of this city and vicinity that he was willing to give them a fine big package of the best goods on the market for their dime, and the result has been that he is showing to record breaking audiences, the one Saturday night probably being one of the largest that ever attended a similar performance in this city.

Everybody in town is smiling over the new front that has been placed in the theater building, as it shows enterprise in the superlative degree; and many new patrons are being attracted to the place each night as might have been expected, as such a spirit is bound to win in any community on earth.

The program for this evening will include the "Serpent of Eden," a beautiful hand-colored motion picture in two parts, "Return of Toroy" a first class comedy, featuring your favorite actor, King Baggatt; and "Tercy Needed a Rest", a very funny comedy.

For Saturday evening: "The Romance of a Photograph" in two parts, featuring the world-famous actress, Florence Lawrence, said to be the highest salaried motion picture actress today, credited with receiving a salary of \$1500 per week. And "The Dead Line", a Western drama, highly recommended, and "Frickles Flights of His Bride", a good comedy.

Sunday evening, the list will include "The Militant", a dramatic masterpiece, in three parts, showing the struggle in England as it exists today, and "Slim Turns the Tables", a splendid comedy.

SPECIAL MEETING OF CITY TRUSTEES FRIDAY EVENING.

There was a special meeting of the city trustees last Friday evening, the Board of Library Trustees was also present, and some minor matters regarding the library funds were adjusted.

E. L. Hopkins, of the firm of Tuttle & Hopkins, presented a demand to the board of city trustees for \$145.65, as a balance due for supervision of the construction of the library building; but before the demand was paid the fact was discovered that Mr. Hopkins had asked that he be paid a commission on \$40,000, when the contract price was for considerably less, and his commission would be less.

It was also decided that the only inscription that would be placed on the corner stone at the pier entrance, would be: "Municipal Pier 1914".

There were present, Trustees E. E. French, M. E. Helme, D. W. Hunton, W. E. Tarbox, and of the Library Board, Supervising Principal Arthur E. Paine, Mrs. W. T. Newland, Mrs. C. H. Howard, W. S. Hill.
