

Change Someone's Life Teach an Adult to Read Better

*Literacy Volunteers
Huntington Beach Library*

- **We help adults learn to read better.**

Call (714) 375-5102

Learners must be able to speak English well enough to hold a conversation with you. The adults in Literacy Services say the program helps them be better parents, improve their work skills, and have better lives.

- **We need tutors.**

If you can read and write English fluently, you can help another adult learn to read, write or speak English better. HBPL has tutor training workshops throughout the year. The 15-hour class teaches ProLiteracy methods for helping adults improve their skills. After successfully completing the class, you will be matched with an adult learner, working with them for two hours per week, mornings, afternoons, evenings or weekends. We ask tutors for a one-year commitment to best serve the needs of our learners.

The Huntington Beach Library Adult Literacy Services has a collection of teaching materials, a computer lab, and space in the library for tutor/learner pairs to meet.

*People from all over the world help each other every day at the
Huntington Beach Library. Join us!*
