Zone: CG - (Commercial General)

RECOMMENDATION: Staff recommends approval of the proposed project based upon the following findings:

SUGGESTED FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Zoning Administrator finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15301 of the CEQA Guidelines, because the project consists of minor alterations to an existing commercial building involving no expansion in the overall floor area of the structure.

SUGGESTED FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 17-041:

1. Conditional Use Permit No. 17-041 to permit the on-site sales, service, and consumption of alcohol (ABC Type 47 license) within an existing 2,400 sq. ft. restaurant located within an existing commercial center will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. The proposed sales, service and consumption of alcohol, as conditioned, will not generate noise, traffic, demand for parking or other impacts above that which currently exists or be inconsistent with the subject property's zoning. The site is located within an existing commercial shopping center and surrounded by similar commercial uses to the north and east. The restaurant will serve food and beverages in conjunction with the proposed use. All business activities will occur inside the restaurant.
2. Conditional Use Permit No. 17-041 to permit the on-site sales, service, and consumption of alcohol (ABC Type 47 license) within an existing 2,400 sq. ft. restaurant located within an existing commercial center will be compatible with surrounding uses. The proposed restaurant is located within an existing multi-tenant commercial center and consistent with adjacent commercial uses, which serve nearby residents and visitors. The existing tenant space fronts Magnolia Street and the nearest residential use is 200 feet to the south, buffered by Langenbeck Park. Additionally, residences to the west are buffered from the proposed use by the building itself and another commercial building at the site.
3. Conditional Use Permit No. 17-041 to permit the on-site sales, service, and consumption of alcohol (ABC Type 47 license) within an existing 2,400 sq. ft. restaurant located within an existing commercial center will comply with the provisions of the base district and other applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance (HBZSO). The HBZSO allows for the sale, service, and consumption of alcohol at the subject property, subject to approval of a conditional use permit. The existing restaurant with proposed alcohol service will be located within an existing commercial center which conforms to land use and applicable development standards.
4. The granting of Conditional Use Permit No. 17-041 to permit the on-site sales, service, and consumption of alcohol (ABC Type 47 license) within an existing 2,400 sq. ft. restaurant located within an existing commercial center will not adversely affect the General Plan. It is consistent with the General Plan land use designation of CG (Commercial General) and the objectives and policies of the General Plan as follows:

A. Land Use Element

Goal LU-11: Commercial land uses provide goods and services to meet regional and local needs.

Policy LU-11 (A): Encourage a variety of commercial uses that cater to local and regional demand to create an environment that meets resident needs and increases the capture of sales tax revenues.

The proposed use is compatible with the existing commercial uses in the center such as retail and restaurants. It provides for the sales and service of alcoholic beverages within the interior of the restaurant. The proposed use will not generate significant impacts above

existing conditions, based upon the conditions imposed on the conditional use permit. The existing restaurant is offering the proposed use as an additional service to their patrons. The subject property is located along a primary corridor of the City that contains existing restaurants and retail uses. The existing restaurant is within a shopping center that consists of commercial establishments with similar ancillary services. It will not adversely affect the operations of the existing use and surrounding uses based upon conditions imposed on the conditional use permit.
