FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Zoning Administrator finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15301 of the CEQA Guidelines, because it involves negligible expansion of use beyond that previously approved.

FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 13-009:

1. Conditional Use Permit No. 13-009 for the establishment, maintenance and operation of an approximately 650 square foot expansion of outdoor dining area located in front of a restaurant tenant space will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. The restaurant tenant space currently has 825 square feet of outdoor dining area located to the rear of the suite, facing the Main Street and Yorktown Avenue intersection. The expanded outdoor dining patio area is located in front of a tenant space facing the shopping center parking lot area and is not oriented toward sensitive surrounding uses. The restaurant tenant is proposing exterior façade improvements, new outdoor dining furniture and freestanding gas heaters to provide a more comfortable dining experience for customers. Further, adequate parking is provided on site and the proposed project is consistent with the Master Site Plan of the shopping center.
2. The conditional use permit will be compatible with surrounding uses because the expansion of outdoor dining services will activate the large patio and sidewalk area in front of the restaurant tenant space. The subject restaurant will maintain hours of operation that are compatible with both commercial uses on-site and surrounding uses, and will not serve alcoholic beverages. The expanded outdoor dining patio will enable the restaurant to serve a more diverse group of customers and provide a more pedestrian friendly environment to the subject property.
3. The proposed conditional use permit will comply with the provisions of the base district and other applicable provisions in the Holly Seacliff Specific Plan and Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance. The approximately 650 square foot outdoor dining patio area expansion conforms to all setbacks, required parking, and other provisions of the Holly Seacliff Specific Plan and is consistent with the entitlement history of the subject site.
4. The granting of the conditional use permit will not adversely affect the General Plan. It is consistent with the Land Use Element designation of Mixed Use Horizontal on the subject property which permits eating and drinking establishments with outdoor dining subject to Conditional Use Permit approval. In addition, it is consistent with the following goals and policies of the General Plan:

A. Land Use Element

Goal LU 10: Achieve the development of a range of commercial uses.

Objective LU 10.1: Provide for the continuation of existing and the development of a diversity of retail and service commercial uses that are oriented to the needs of local residents, serve the surrounding region, service visitors to the City, and capitalize on Huntington Beach's recreational resources.

B. Economic Development Element

Policy ED 2.4.1: Encourage and assist existing and potential commercial owners to modernize and expand their commercial properties.

The provision of an expanded outdoor dining area within the front patio area of the subject tenant suite will provide the tenant additional outdoor dining opportunities for customers on-site while activating an expansive patio area not previously utilized to its full potential. The subject shopping center currently features large outdoor dining areas located elsewhere on the property that are utilized by customers of multiple businesses. The expanded outdoor dining patio will be located adjacent to the primary pedestrian access link that currently connects surrounding office, public and institutional uses with the commercial uses located throughout the subject shopping center.
