## PUBLIC WORKS NEWS BRIEFS

The City repaved Springdale Street from Warner Avenue to Edinger Avenue and from Bolsa Avenue to Chinook Drive with a two-inch rubberized asphalt concrete (RAC) surface which contains crumb rubber derived from scrap tires. The project diverted more than 13,000 waste tires, that otherwise would end up in a landfill.

City of Huntington Beach Public Works Department  
CC-1330 Springdale Street Rehabilitation Project  
from Warner Avenue to Edinger Avenue & Bolsa Avenue to Chinook Drive

Funded by a Grant from:

**CalRecycle**

California Department of Resources, Recycling and Recovery

This Project Repaved a City Street with Rubberized Asphalt  
Concrete and will divert over 13,000 Waste Tires from  
California's Landfills
