Greetings Huntington Beach! I hope the summer and fall seasons have brought you at least a bit of normalcy and enjoyment of the outdoors. The Community Services and Public Works teams are certainly striving to enhance the outdoor experience in Huntington Beach with many projects this year. Interior and exterior renovations at Murdy Community Center have been completed, and the Edison Community Center improvements are scheduled for completion in the spring of 2021! Stay tuned for updates on the redesign and rehabilitation of Edison Park.

From new playgrounds at various parks including Eader, LeBard, Central, and Circle View, to trail improvements at Bartlett and Bluff Top, we are extremely excited to update various amenities throughout the entire City. Check in to our Development Services webpage at huntingtonbeachca.gov/parkdevelopment for continued park development updates.

In the meantime, be sure to stop by Murdy Park, home of Huntington Beach’s first public bocce ball courts! Four courts are available for daily drop-in use, and be sure to bring your own bocce equipment. Bocce is fun and accessible to people of all ages and abilities, and we’re thrilled to see its growth in popularity. Get out and play!

AQUATICS

The City of Huntington Beach is pleased to offer a complete swim program. Our program is designed to meet a variety of swimming needs. Whether it is learning new swimming techniques, or recreational enjoyment of the water, we have something for everybody.

Our swim instructors are certified American Red Cross Water Safety lifeguards. The swim courses follow the American Red Cross standards. Classes are offered for students 6 months to 17 years old and teach skills from water adjustment through lifeguarding techniques. Classes consist of ten, 30-minute, lessons unless otherwise specified.

For water safety information, visit redcross.org/watersafety.

Swim Levels

PARENT AND CHILD (PC) 6 mos to about 3 years
Parents and children learn together through two fun-filled levels to increase children's comfort in the water and build a foundation of basic aquatic and water safety skills.

- PC LEVEL 1 (PC1): Introduces basic skills including safety topics to parents and children.
- PC LEVEL 2 (PC2): Builds on the skills introduced in Level 1, with participants improving these skills and learning more advanced skills.

PRESCHOOL AQUATICS (PA) About 4 to 5 years
Three fun, age-appropriate levels teach basic aquatic safety and survival skills to increase children's comfort level in and around the water.

- PA LEVEL 1 (PA1): Orient children to the aquatic environment and helps them gain basic aquatic skills.
- PA LEVEL 2 (PA2): Helps children gain greater independence in their skills and develop more comfort in and around water.
- PA LEVEL 3 (PA3): Helps children start to gain basic swimming propulsive skills to be comfortable in and around water.

LEARN-TO-SWIM (LS) About 6-to-17 years old
Four progressive levels help swimmers of varying ages and abilities develop their water safety, survival and swim skills.

- LEVEL 1 (LS1): Introduction to Water Skills: Ages 6 and up. Builds confidence and develops safety skills in and around water for children with little or no prior swim instruction.
- LEVEL 2 (LS2): Fundamental Aquatic Skills: Ages 6 and up. Students are introduced to the front and back crawl.
- LEVEL 3 (LS3): Stroke Development: Must hold level 2 certificate or be able to perform at the equivalent skill level. Students refine the front and back crawl and are introduced to the butterfly-kick.

Great news! The City Gym & Pool is scheduled to receive some upgrades! Please use this as a reference to see when classes may be offered, and check out hbsands.org for confirmed classes based on the construction timeline.

Online registration for on-site classes begins at 9am, 14 days before the first class meeting.
It is important to remember that drowning is a leading cause of death for children in the United States. The American Red Cross provides numerous online tools to help educate people of all ages on water safety. Please visit redcross.org/watersafety for a variety of videos, quizzes, and other interactive safety guides to help keep families safe.

Quick tips:

- Maintain constant supervision.
- Always swim with a buddy; do not allow anyone to swim alone.
- Never leave a young child unattended near water and do not trust a child’s life to another child; teach children to always ask permission to go near water.
- Have young children or inexperienced swimmers wear U.S. Coast Guard-approved life jackets around water, but do not rely on life jackets alone.
- Make sure everyone in your family learns to swim well. Enroll in age-appropriate Red Cross water orientation and learn-to-swim courses.
- If you have a pool, secure it with appropriate barriers. Many children who drown in home pools were out of sight for less than five minutes and in the care of one or both parents at the time.
- Avoid distractions when supervising children around water.
- If a child is missing, check the water first. Seconds count in preventing death or disability.
- Have appropriate equipment, such as reaching or throwing equipment, a cell phone, life jackets and a first aid kit.
- Know how and when to call 9-1-1 or the local emergency number.
- Protect your skin. Limit the amount of direct sunlight you receive between 10 a.m. and 4 p.m. and wear sunscreen with a protection factor of at least 15.
- Swim in designated areas supervised by lifeguards.
- Drink plenty of water regularly, even if you’re not thirsty. Avoid drinks with sugar or caffeine in them.
