PRESS RELEASE

Release Date & Time: Thursday, March 06, 2008 5:29 PM

DUI SATURATION PATROL ACTIVITIES

Details: On Saturday, March 8, 2008 the Huntington Beach Police Department will conduct a "Saturation Patrol" operation within the city. The operation will utilize extra officers who will concentrate enforcement efforts on driving under the influence and vehicle code violations.

The saturation patrol is part of a comprehensive strategy to prevent drunk driving and DUI related collisions within the City of Huntington Beach. We hope this program will help to reduce the number of drunk drivers on the road in Huntington Beach, making the roads safer for everyone.

Funding for this program was provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration. Any questions about the operation or the grant should be directed to the Huntington Beach Police Traffic Bureau at (714) 536-5663.
