City Manager’s Report

CITY OF HUNTINGTON BEACH, CA

July 30, 2019

Vans U.S. Open of Surfing Underway!

The Vans U.S. Open of Surfing is in full effect! The event runs now through Sunday, August 4, with a variety of events and activities throughout the week.

The U.S. Open of Surfing is the largest special event hosted by the City of Huntington Beach and we are expecting large crowds in our downtown area. Motorists can expect heavy congestion and should drive with caution. As usual, the Huntington Beach Police Department will conduct extra enforcement on the beach and in the downtown area during this time. We would like to remind all our residents and visitors that alcohol violations will not be tolerated and will be strongly enforced in and around the beach, downtown area, parking structures, parking lots, and in streets and alleyways. Citizens should report suspicious activity to the police by calling the Huntington Beach Police Department non-emergency line at 714.960.8811.

Also, due to the large crowds in the downtown area be mindful of what you leave in your car; ensure that your car doors are locked and that no valuables are left inside. We are looking forward to another fun and safe event!

For more information on the schedule of events, please visit https://www.vansusopenofsurfing.com/.

We hope to see you all there!

The Autry Museum of the American West 2012 exhibition, California Designing Women 1896 – 1986, featured Judith’s innovative designs. Many will remember her dramatic acrylic jewelry from hit TV shows in the 80’s and 90’s including Dynasty, Knott’s Landing, and Days of our Lives. Her dazzling designs adorned celebrities and models on glossy magazines and luxury catalogs, setting trends designers are following to this day.
Oak View Branch Library

There’s still lots to do at the Oak View library as summer wraps up. On Wednesday, July 31, from 3:30 to 5:30 p.m., children in either first, second or third grade are invited to join Miss Tammie for the last of the six sessions of the “It’s Showtime at the Library Program: Bookflix” program. The primary goal of “Bookflix” is to increase English language and cognitive skills to promote academic achievement. Activities focus on reading, writing, math, science and other STEM-related subjects. Since all lessons are based on the California Common Core Standards, children will be divided by grade in order to address their particular needs. Kids will participate in the following activities at their individual grade levels: library research, report writing, oral presentations, book making, problem-solving and reading skill activities, computer, art and cooking activities, and the summer reading program.

Later in August, adults 18 and above can come express their creative side in a Paper Flowers Workshop on Wednesday, August 14, from 3 to 4 p.m. Join other like-minded types for an afternoon of fun and relaxation. All materials will be provided and Miss Marina will show attendees how to create some beautiful flower crafts to gift or to keep.

That same evening, families of all ages are encouraged to attend the next Family Pajama Storytime at 6 p.m. Join Miss Kari for an evening of stories, songs and crafts all about ocean life!
