We will have Ukulele Lessons, Code Club, Maker Space Jr., Lego Club, Friday Films, and Tuesday Talents, and of course our regular storytime schedule. Pick up a summer calendar and flyer in the children’s department or check out our activities on our website <https://hbpl.org/kids>

With a theme like “It’s Showtime at Your Library” how could we not have a talent show? If you would like to share your talent, register to audition for the HBPL Talent Show beginning June 1 at <http://hbpl.org>. Auditions will take place on July 27, on a first-come, first-serve basis beginning at 9 a.m. in the library theater. This will be a fun event – so dust off those tap shoes, tune that guitar, and share your talent with your community.

If you have teens who need something to do this summer we have the perfect job for them! We are in need of teen volunteers to help us with our summer reading program. Training will be held on June 17 at 7 p.m., June 19 at 4 p.m., or June 20 at 7 p.m. Volunteers must attend one of the training events to be eligible to volunteer. Teens can sign up for two-hour shifts beginning June 1.

The library is a busy place during the summer, and we don’t want you to miss out on all the fun, so check the library webpage for updated information.

### Oak View Branch Library

Adults of all ages and abilities are invited to the next **Coloring for Adults** event at the Oak View Branch Library on **Thursday, June 6, from 12:30 to 1:30 pm**. Coloring can be stress and anxiety-relieving, and just plain fun. Everything needed to enjoy an afternoon of creativity will be provided – refreshments, coloring sheets and tools, plus relaxing music to set the mood. The public is encouraged to bring friends or come solo to this one-hour program. The Oak View Branch is located at 17251 Oak Lane in Huntington Beach and can be reached at (714) 375-5068.

### Main Street Branch Library

Attention all **Main Street Book Club** members – coming up on **Thursday, June 13 from 5:30 to 7 p.m.** will be the first club meeting of the summer. There is still time to get started on this month's book pick -- the #1 New York Times Bestseller and Netflix movie *The Guernsey Literary and Potato Peel Pie Society*, by Mary Ann Shaffer.

Set in post-World War II London, writer Juliet Ashton finds inspiration for her next book in the pen-pal exchange of letters between her and Charles Lamb, a native of the island of Guernsey-- and also someone she's never met. Julia is eventually drawn into his wonderfully eccentric world during a time when Germans were still occupying his island home. The name of the book is actually an alibi used for when members were caught breaking curfew by these unwelcome guests. As she corresponds with the society's other members, she becomes so captivated with their stories that she decides to set sail for Guernsey – a decision that will change her life forever.

Join other adults ages 18 and up for refreshments at 5:30 p.m., followed by a discussion of the book at 5:45 p.m. The Main Street Branch is located at 525 Main Street in Huntington Beach and can be reached at (714) 375-5071.

# COMMUNITY DEVELOPMENT DEPARTMENT

## Research and Technology (RT) Zoning Project

The City is working on a new Research and Technology zoning designation along the Gothard Street corridor and within the Northwest area of the City. This new land use designation was established as part of the General Plan Update that was adopted by the City Council in late 2017 to permit a wide variety of nonresidential mixed-use development in existing industrial areas that are undergoing or poised for transformation to support changing employment demand and ensure that the City of Huntington Beach is positioned well for the future.

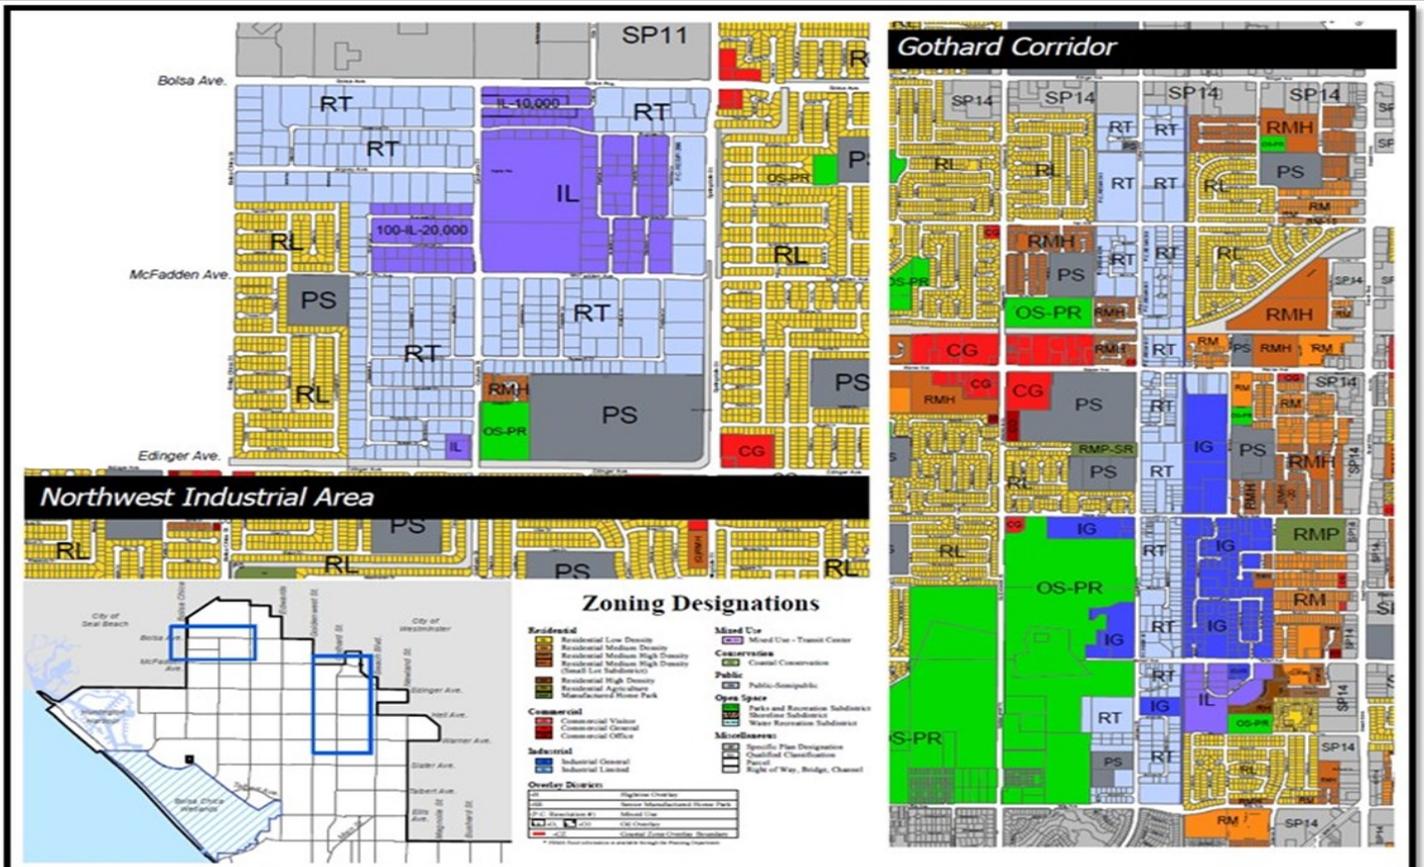

### About the RT Zone

The new RT development standards are envisioned to fill the gap between commercial uses and pure industrial uses and expand how both existing and new uses can 'flex' their business models within their building space. Ideally, the new RT development standards will easily allow new start-up businesses to develop and grow from initial conceptualization stages all the way through to full-fledged successful operations while remaining in Huntington Beach. Future 'RT Flex' uses will primarily retain the industrial/manufacturing/warehouse base that remains vital to the overall health and balance of the community's economic needs, but will allow some level of flexibility to accommodate commercial uses.

### Planning Commission Study Sessions and Public Hearing

The Planning Commission will conduct two study session on the project. The **May 28, 2019** Study Session will introduce and summarize the project and provide an overview of the existing market conditions. At the **June 11, 2019** Study Session, the Planning Commission will review and discuss a legislative draft of the new RT development standards to be established. Finally, the Planning Commission will hold a public hearing on **June 25, 2019** to act on a recommendation of the proposed project that will be forwarded to the City Council for final action.

More information can be found on the City's Website: <https://www.huntingtonbeachca.gov/government/departments/planning/major/major-projects-view.cfm?ID=82>

## POLICE DEPARTMENT

### HBPD Rallies Around Two Upcoming Events

We have two very special events coming up that the Police Department is excited to be a part of. The first event is the third annual Operation Surf Huntington Beach, which will be held this year from June 3-9. Operation Surf is a non-profit organization that helps wounded and injured active-duty military and veteran heroes heal by using the power of the ocean and surfing as a form of wellness. This is an amazing event held on the north side of the Pier each year, and one of the most important parts of this event is welcoming these heroes into our city. We do this by providing a police motorcade on Monday, June 3, when the participants arrive at the airport and we then escort their bus into our city at about 12:30 p.m. We ask as many people as possible to help us line the streets of Main Street and PCH to welcome them to Huntington Beach! Many of our police officers, some who are veterans themselves, also participate in this event by volunteering their time throughout the week either by surfing with these heroes or by providing support for the event. The opening ceremonies for Operation Surf Huntington Beach 2019 will be held at Pier Plaza at 9am on Tuesday, June 4 if you want to spread our Huntington Beach pride and support for disabled and wounded veterans.

Another exciting event we are looking forward to is the Special Olympics Law Enforcement Torch Run (LETR) held on Friday, June 7, at about 12:30 p.m. Our HBPD runners will be meeting at Main and Yorktown to take the torch from CA Department of Fish and Game. The officers and Special Olympics Athletes will then run with the torch down Main Street and up PCH until they hand it off to Orange County Probation. Once again, we ask you to line the streets of Main Street downtown and at PCH to help support our officers, but especially to show the Special Olympics athletes how much we are cheering for them! We hope to see you at both events!

## FIRE DEPARTMENT

### Sidewalk CPR Event

On Saturday, June 8 the Huntington Beach Fire Department will participate in the 2019 Annual Sidewalk CPR Week event. This national event is promoted by the American Heart Association (AHA) and the Orange County Emergency Medical Services Agency, who encourages all agencies to educate the public in Hands-Only CPR. Last year, 276 people were trained in the life-saving skill of hands-only CPR.

Why learn Hands-Only CPR? Cardiac arrest – an electrical malfunction in the heart that causes an irregular heartbeat and disrupts the blood flow to the brain, lungs and other organs – is a leading cause of death. Each year, more than 350,000 out-of-hospital cardiac arrests occur in the United States.

When a person has a cardiac arrest, survival depends on immediately receiving CPR from someone nearby. According to the AHA, about 90% of people who suffer out-of-hospital cardiac arrests die. CPR, especially if performed immediately, can double or triple a cardiac victim's chance of survival.

About 70% of out-of-hospital cardiac arrests happen in homes. Be the difference for someone you love. Visit our booth on Saturday, June 8 from 11 a.m. to 3 p.m. at Lifeguard Headquarters at 103 PCH, to the rear on the beach path.
