American Legion Huntington Beach Post 133

Celebrating 100 Years

Happy 100th Birthday to American Legion Huntington Beach Post 133! FREE Centennial Celebration Sept. 21 in HB

Who: The American Legion and American Legion Huntington Beach Post 133 turn 100 and the **Post** plans to celebrate on Saturday, Sept. 21 with a FREE community party with entertainment, historic memorabilia and displays, food, a kid zone and more! The event will honor two of its own long-standing HB members: Bill Kettler (WWII – 74 years of service) and Fran Ritchey (WWII – 70 years of service). “The American Legion Family of Huntington Beach is excited to share both the legacy and the vision of our organization,” said Post 133 Commander Robert McClish. “We’ve done a lot of good and intend to keep doing it for a second century.”

When: **Saturday September 21, from 10 a.m. to 3 p.m. Opening ceremony 1 p.m. to 2 p.m.**

Where: Rodgers Center, 1706 Orange Ave., Huntington Beach **PARKING:** *First Christian Church, 1207 Main Street, Huntington Beach, **SHUTTLE SERVICE AVAILABLE***

Why: The American Legion is the nation’s leading advocate for veterans, a strong national defense, patriotic youth programs and Americanism. Huntington Beach Post 133’s 574 members (the second largest in Orange County) have been living the commitment to service since 1919 by planning the City’s Memorial Day, Patriot Day and Veterans Day ceremonies. The Post’s Honor Guard and Color Guard both support community activities like the Miss Huntington Beach Scholarship Pageant, the Great Pacific Airshow, Blessing of the Waves and more.

In addition, the Post honors the brave men and women of Huntington Beach currently serving the U.S. armed services with its Hometown Hero banner program. This is a joint effort between the City of Huntington Beach and Post 133. Lastly, the American Legion has a program called Boy’s State. American Legion Boy’s State is among the most respected and selective educational programs of government instruction for high school students. Boys State has been a program of the American Legion since 1935.

History: Huntington Beach Post 133 was chartered on December 18, 1919. The organization traces its roots to March 15-17, 1919, in Paris, France, in the aftermath of World War I. The American Legion was federally chartered on Sept. 16, 1919, and quickly became an influential force at the national, state and local levels, dedicated to service to veterans, strong national defense, youth and patriotism.

A year after it was formed, the American Legion had chartered more than 5,400 local posts that continue to operate today. Since then, it has grown to more than 13,000 posts around the world and more than 2.2 million wartime-veteran members. Throughout its first century, the American Legion built a legacy on such accomplishments as leading the way to create U.S. Flag Code, helping start the Veterans Administration, drafting and getting passed the Servicemen’s Readjustment Act of 1944 – the GI Bill, and helping veterans receive benefits for health-care conditions based on their honorable service. Today, the American Legion has nearly 3,000 accredited service officers worldwide who assist veterans with their benefits claims and other concerns.

FIRE DEPARTMENT

National Preparedness Month – Get a Kit and Make a Plan

National Preparedness Month (NPM) is observed each September and is sponsored by the Federal Emergency Management Agency (FEMA) within the Department of Homeland Security. NPM encourages Americans to take simple, but important steps to prepare for emergencies in their homes, businesses, schools, and communities.

Preparing for a disaster is a top priority of the city's Emergency Management and Homeland Security Program. Countless hours have been spent preparing disaster plans, training our employees and volunteers, organizing exercises, and ensuring that the city is prepared for emergencies that may occur in our community. However, we cannot do it on our own. This week the focus will be on "Get a Kit" and "Make a Plan".

GET A KIT

Local officials and relief workers will be on-scene after a disaster, but cannot reach everyone immediately. You may need to survive on your own after an emergency. This means assembling emergency supply kits that include enough food, water, and other supplies to last for at least three days. In addition, basic services such as electricity, gas, water, sewage treatment, and telephones may be cut-off for an extended period of time.

The following are examples of some of the basic supplies for emergency kits, but also visit ReadyOC.org for more details on emergency kits.

72 HOUR DISASTER SUPPLY KIT

- ◆ **Supplies:** Flashlight, AM/FM radio, batteries, first aid kit, matches, light sticks, can opener, dish pan, disposable dishes and utensils
- ◆ **Food and Water:** Store a minimum of three days supplies of non-perishable canned/dried food, but it is recommended to have a two week supply, with one gallon of water per person, per day
- ◆ **Bedding:** Sleeping bag, blankets and tent
- ◆ **Clothing:** One change of seasonal clothing per person and comfortable shoes
- ◆ **Personal Supplies:** Personal hygiene products, toilet paper, medications and glasses
- ◆ **Tools:** Ax, shovel, bucket, wrench or pliers to turn off utilities, whistle, gloves, dust mask, plastic bag liners for sanitation and small tool kit
- ◆ **Other:** Water purification tablets, liquid chlorine/bleach, eye dropper, water purification instructions and cell phone with charger
- ◆ **Pet Supplies:** Food, water and carrier

NOTE: Do not store liquids (water, bleach, etc.) inside the disaster kit as it can leak. Store water off the ground as concrete can contaminate the contents of the container. Water should be changed every six months.

FIRE DEPARTMENT

A GRAB-N-GO BAG

Each member of your family should have a grab-n-go bag that can be carried in the event of an evacuation. Examples of some of the basic supplies are:

Supplies: Flashlight, AM/FM radio, batteries, first aid kit, matches, whistle, pocket knife, paper/pencil, zip-lock bags/plastic bags, work gloves and dust mask

Personal Items: Eyewear, keys, medications, emergency contact list, hygiene products, sunscreen, small bills and coins

Food and Water: Emergency food, bottled water and purification tablets (also for pets if applicable)

Special Considerations: For seniors – dietary needs, hearing aid batteries, wheelchair, walker, cane, supplies such as oxygen and catheters. For infants – diapers, wipes, instant baby cereal, bowl and spoon, at least two changes of clothes, light jacket, electrolyte replacement solution, toys, books, stuffed animals, etc.

Personal documents: Photocopies of identification, credit cards and other essential documents like insurance policies and bank account records; photos of family members.

FAMILY CAR KIT

In addition to all of the supplies listed above for the Grab-N-Go bags:

Other considerations include: Jackets, blankets, flares, fire extinguisher, glow or light sticks, screwdriver, pliers, wire, rope, scissors, maps of the most often traveled areas

MAKE A PLAN

Your family may not be together when disaster strikes so it is important to plan in advance how will you contact one another, how will you get back together, and what to do in different situations.

Emergency plan templates are available at ReadyOC.org including a Family Emergency Plan, Pet Emergency Plan, Senior Emergency Plan and Evacuation Plan.

Regardless of the type of disaster, there are things you can do to prepare. Contact your local Red Cross chapter or visit the FEMA Website to be aware of the potential for natural disasters in your community. After identifying the types of disasters that could strike where you live, create a family emergency disaster plan. Make it simple so everyone can remember the details.

Discuss what to do in an evacuation. When told by officials, go immediately to a shelter as instructed or to the home of a family friend or relative who lives out of the area. Find out about your local shelters beforehand.

Know evacuation routes. Pre-establish several different routes in case certain roads are blocked or closed.

Family members can become separated during an emergency. Be prepared by creating a plan for how to reach one another.

Establish an out-of-area contact (such as a relative or family friend) who can coordinate family members' locations and information should you become separated. Make sure children learn the phone numbers and addresses, and know the emergency plans.

Post emergency phone numbers by the phone

Assemble a family disaster supplies kit and keep a small one in the trunk of your vehicle

For preparedness questions specifically for the City of Huntington Beach, contact Brevyn Mettler, Emergency Services Coordinator, Emergency Management & Homeland Security Office at 714-374-1565 and bmettler@surfcity-hb.org

This exhibition brings together the two key elements of West Coast minimalism, hard-edge abstraction and California Light and Space, and celebrates a generation of California-based artists who have explored the possibilities of abstraction via a multitude of mediums. The survey of works presented for *The Edge of Light* reimagines the boundaries of traditional California Abstraction.
